Schedule of Findings and Questioned Costs	9-10

**Independent Auditors' Report on Compliance with Requirements
Applicable to Each Major Program, on Internal Control over
Compliance in Accordance with the State Single Audit Act
and on the Schedule of Expenditures of State Financial Assistance**

To the Members of the Town Council
Town of Newington, Connecticut

Compliance

We have audited the compliance of the Town of Newington, Connecticut, with the types of compliance requirements described in the *Office of Policy and Management Compliance Supplement* that are applicable to each of its major state programs for the year ended June 30, 2008. The major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Town of Newington, Connecticut's management. Our responsibility is to express an opinion on the Town of Newington, Connecticut's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State Single Audit Act (C.G.S. Sections 4-230 to 4-236). Those standards and the State Single Audit Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Town of Newington, Connecticut's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Town of Newington, Connecticut's compliance with those requirements.

In our opinion, the Town of Newington, Connecticut, complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the year ended June 30, 2008.

Internal Control over Compliance

The management of the Town of Newington, Connecticut, is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered the Town of Newington, Connecticut's internal control over compliance with the requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but

not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Newington, Connecticut's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a state program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a state program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a state program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a state program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the Town's internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of State Financial Assistance

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Newington, Connecticut, as of and for the year ended June 30, 2008 and have issued our report thereon dated December 21, 2008. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Town of Newington, Connecticut's basic financial statements. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by the State Single Audit Act and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended for the information and use of management, the Town Council, the Office of Policy and Management and state awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

TOWN OF NEWINGTON, CONNECTICUT

NOTE TO SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE

FOR THE YEAR ENDED JUNE 30, 2008

Various departments and agencies of the State of Connecticut have provided financial assistance to the Town of Newington, Connecticut, through grants and other authorizations in accordance with the General Statutes of the State of Connecticut. The financial assistance programs fund several programs including education, property tax relief, transportation, environmental protection and public works.

Note - **Summary of Significant Accounting Policies:**

The accounting policies of the Town of Newington, Connecticut, conform to accounting principles generally accepted in the United States of America as applicable to government entities. The following is a summary of the more significant policies relating to the aforementioned grant programs.

Basis of Accounting - The financial statements contained in the Town of Newington, Connecticut's annual audit report are prepared on the modified accrual basis of accounting. The following is a summary of such basis:

Revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Expenditures are recorded when the related fund liability is incurred, if measurable.

The schedule of expenditures of state financial assistance, contained in this report, is prepared based on regulations established by the State of Connecticut Office of Policy and Management. In accordance with these regulations (Sections 4-236-22), certain grants are not dependent on expenditure activity and, accordingly, are considered to be expended in the fiscal year of receipt. These grant program receipts are reflected in the expenditures column of the schedule of expenditures of state financial assistance.

**Independent Auditors' Report on Internal Control over Financial Reporting
and on Compliance Based on an Audit of Financial Statements Performed
in Accordance with *Government Auditing Standards***

To the Members of the Town Council
Town of Newington, Connecticut

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Newington, Connecticut, as of and for the year ended June 30, 2008, which collectively comprise the Town of Newington, Connecticut's basic financial statements, and have issued our report thereon dated December 21, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Town of Newington, Connecticut's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Newington, Connecticut's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Newington, Connecticut's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the Town's internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Newington, Connecticut's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of management, the Town Council, the Office of Policy and Management and state awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

Blum, Shapiro & Company, P.C.
