Kellogg-Eddy House Information

679 Willard Avenue * Newington, CT 06111

The Kellogg-Eddy House is a beautiful classic New England home located on Willard Avenue in Newington. Built in 1808, this home is a prime example of a typical New England Georgian-style house with some Greek Revival influences and a good example of the home of an affluent farm family of that era. It has a Colonial Revival addition dating to 1928. The Newington Historical Society & Trust, Inc., has furnished the rooms in the Kellogg-Eddy House with furniture and artifacts owned by many early Newington families.

At this time, the Kellogg-Eddy House is not available for rent.
