MDC CONSTRUCTION NOTICE

Sanitary Sewer Lining Work

MILL POND PARK AREA – Newington

Beginning the week of September 22nd, the Metropolitan District (MDC) and their contractors, **Insituform Technologies Inc. (ITI)** and **National Water Main Cleaning Company (NWMCC)**, will begin working in Mill Pond Park and your neighborhood to make improvements to the sanitary sewer system.

The work includes using a Cured-In-Place Pipe (CIPP) lining process or “No-Dig” method and the rehabilitation of sewer manholes. The contractor will set up a temporary sewer bypass pump system along the ground through the park and neighborhood. This system will maintain the sewer flows during the pipelining process. Mill Pond Park walking trail will be closed in sections, as needed, to accommodate construction. *See the work zone map on the back of this notice.*

**Work hours will generally be between 7:30 AM and 7:30 PM
with extended night hours as needed.**

The total duration for this effort is 3-5 weeks.

***Schedules are subject to change based on weather or unforeseen construction related activities.
MDC Staff, consultants and contractors must be properly identified and present ID upon request.***

If you have questions or concerns please contact:

John Regan, MDC’s Consultant Field Engineer at (617) 201-5259

After hours, please contact the MDC’s Command Center at (860) 278-7850 ext. 3600
