RFP NUMBER 2, 2010-11

ADDENDUM NUMBER ONE

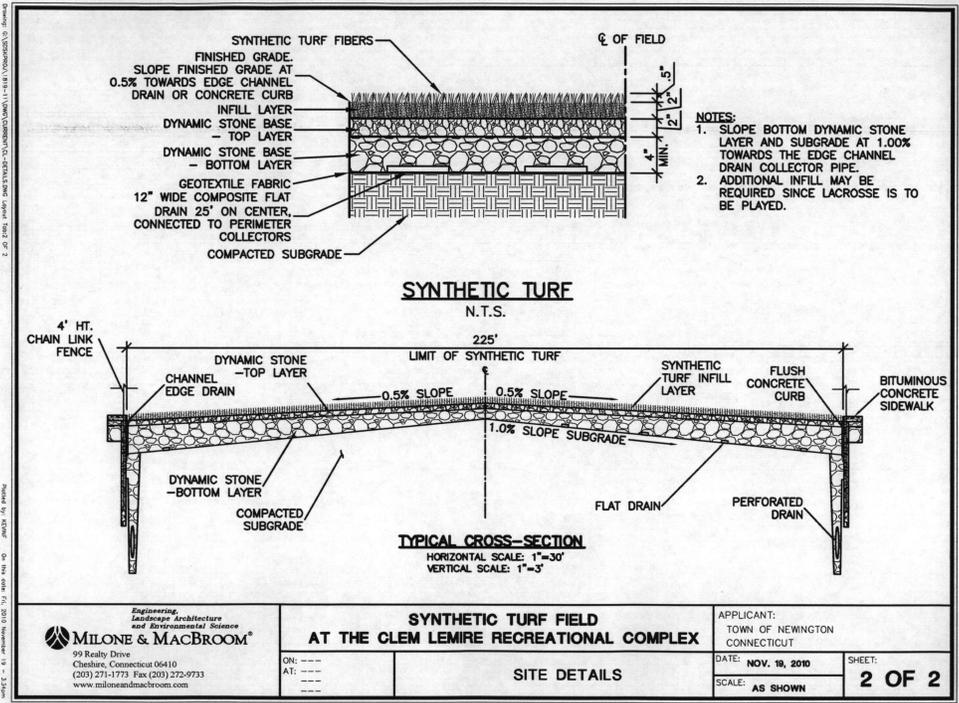

November 29, 2010

The following additions, changes, corrections, deletions and clarifications are hereby made to the Request for Proposals documents. This Addendum consists of three (3) pages.

1. In the TECHNICAL SPECIFICATIONS section, ITEM 2-122, PART 2, number 2.1, after letter E. “The fittings used with the collection system shall be of a ‘snap together’ design. In no case shall any product be joined without the use of the manufacturer’s connector designed specifically for the purpose.”, add the letter F. prior to “Dynamic Stone Base-Bottom Layer and Dynamic Stone Base-Top Layer” etc. to differentiate this as a separate specification pertaining to these two layers.
2. The following two drawings, dated November 19, 2010 and labeled “LAYOUT PLAN” and “SITE DETAILS”, respectively, shall be added to the TECHNICAL SPECIFICATIONS section and shall be fully incorporated in the RFP document.

(See drawings below)
