

CONSTRUCTION NOTICE

Sanitary Sewer Improvements

Church Street and Windmill Lane

Starting the week of April 22nd, the Metropolitan District (MDC) and their contractor, **VMS Construction**, will begin working to make sanitary sewer improvements in and around your neighborhood, as shown on the attached Map. As discussed at the public meeting held on April 9, 2013, initial activities will include drilling/borings, test pits and preconstruction videos of Work Area.

The work will be done between the hours of 8:00 AM and 4:00 PM Monday through Friday.

Construction schedules are subject to change based on weather and other factors.

If you have any questions, please contact:

Chris Coyle, Resident Engineer, at (860) 416-2629

Or the MDC's Command Center at

(860) 278-7850, ext. 3600.

As always, we thank you for your patience and cooperation.
