

# TOWN OF NEWINGTON

200 Garfield Street Newington, Connecticut 06111

## Conservation Commission

### Memorandum

**To:** Conservation Commission  
**From:** Erik S. Hinckley, Asst. Town Planner/Wetland Agent  
**Date:** May 11, 2021  
**Re:** 3333 Berlin Turnpike – Wetland Application 2021-09-MA for a Wetland Map Amendment

---

#### Staff Report:

This application is for a wetland map amendment at 3333 Berlin Turnpike. Current Town mapping of that site indicates approx. 3.48 acres of wetlands and 7.20 acres of upland. The applicant's wetland professional flagged the wetlands in the field and the amendment to the Town mapping would reduce the wetlands to 2.57 acres and upland to 7.16 acres.

#### Commission:

A public hearing is being held on May 11, 2021 with the applicant and their soil scientist who flagged the wetlands in the field. If all the questions and concerns of the commission have been addressed the hearing should be closed. The commission may act on this application under old business at the meeting of May 11, 2021. Staff recommends approval of the wetland map amendment.
