Memorandum

To: Town Plan and Zoning Commission

From: Renata Bertotti, Town Planner 

Date: October 21, 2021

Subject: **Petition #42-21**

Zoning Map Amendment at 35, 65, 67, 69 Culver Street, and 258 Deming Street from Residential (R-20) to Planned Development (PD) zone

Please see attached traffic data provided to us by the Town of Newington Police Department. The report covers collision analysis data for Deming Street, Culver Street and, for comparison, the Connecticut Avenue.

As you can see in the attached report, between 01-01-2018 and 09-30-2021, there were 34 total accidents reported on Deming St., 1 on Culver St. and 5 on Connecticut Avenue. I selected Connecticut Avenue for comparison, because it is long, geometrically straight and transverses a predominately single-family neighborhood.
