**UNFINISHED BUSINESS**

1. **Radio Testing & Improvements**
   a. Kosior absent / no update provided; Schroeder still unsure about whether or not the antennas have been tested.
   b. Kramer reported that the HAM radios need to be updated and reprogrammed; Schroeder reported that they should coordinate with Lt. Carlone to get this done.
   c. No new updates on the installation of the new tower site on the mountain.

2. **CCHD Updates**
   a. Butler reviewed recent P.O.D. drill he attended and evaluated in Middletown; observed noticeable difference between their operations and ours due to them not having CERT; commended their training and hard work.

3. **EOP Update**
   a. Schroeder/Manke – progress continues; hope to have it done and able to review during EPPI exercise this Fall.

4. **Active Shooter Training**
   a. Clark absent; no updates.

---

**NEW BUSINESS**

1. **Presentation – Chemical Facility Anti-Terrorism Standards Presentation**
   a. Inspector Todd Nichols from the Dept. of Homeland Security provided an informative, important presentation on facilities regulated by the agency; there are 34 total facilities in CT. Information and resources had been previously distributed to LEPC members via email.
