December 27, 2023

To the Town Manager, Member of the Town Council, and
Citizens of the Town of Newington

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2023.

This report consists of management's representation concerning the financial statements of the Town of Newington. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Town of Newington has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the Town of Newington's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the Town of Newington's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. Management asserts that, to the best of its knowledge and belief, this financial report is complete and reliable in all material respects.

In addition to internal accounting controls, the Town maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget for the General Fund and Capital Improvement Projects Fund as approved by the Town Council and as may be amended during the fiscal year. The General fund level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the departmental level. The Town maintains annual budgets for other funds, such as Cemetery, Road Aid Maintenance, Recreation, Human Services, Senior and Disabled Center Donations, Insurance Reserve, Health Benefits, Land Acquisition, and Technology Funds.

CliftonLarsonAllen LLP, Certified Public Accountants, have issued an unmodified ("clean") opinion on the Town of Newington's financial statements for the year ended June 30, 2023. The independent auditors' report is located at the front of the financial section of this report.

Generally accepted accounting practices require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Town of Newington's MD&A can be found immediately following the independent auditors' report.

Profile of the Town

The Town of Newington covers approximately 13.2 square miles and is located six miles southwest of the City of Hartford. Newington is geographically in the center of the State and is bordered by West Hartford, Farmington, New Britain, Berlin, Rocky Hill, Wethersfield and Hartford. Newington is primarily a residential community; however, there is substantial industry scattered throughout the Town. The Berlin Turnpike (State Routes 5 and 15) is commercialized along its total length in Newington of 4.5 miles. The Town's population as of the 2020 Census was 30,493. The Town, originally part of the Town of Wethersfield, was settled in 1678 and incorporated in 1871. The Town functions under the Council-Manager form of government, adopted in 1966. A revision to the Town Charter was adopted by referendum on November 8, 2022.

The Town Council is the budget-making authority and the legislative body of the Town. The Town Council consists of eight councilors and a mayor who is the presiding officer of the Council. The councilors and the mayor each are elected at-large for two-year terms. The Town Council appoints the Town Manager who is the chief administrative officer of the Town. The Town Manager is responsible to the Council for the supervision and administration of Town departments and boards and commissions of the Town, except those elected by the people, or appointed by the Council, Mayor or a regional or state authority. The Council appoints the Town's Auditor annually. The Board of Education consists of nine members who each are elected at-large for two-year terms.

The financial administrator of the Town is the Director of Finance whom the Town Manager appoints. The Director of Finance oversees the Accounting division, the Assessor's office, and the Revenue Collector's office. The Administration and Accounting office administers and accounts for all Town funds. The Assessor's office locates, lists and prices real estate, personal property, and motor vehicles for the purposes of taxation. The Revenue Collector's office bills, collects, processes, and deposits taxes, interest and fees on all taxable property in Town. The Director of Finance serves as the Town Treasurer and oversees the Town's bank deposits and trust funds. The Director of Finance signs all checks for payment with Town funds.

The Town provides the following municipal services as authorized in its charter: public safety (police, fire and emergency medical services), public works, solid waste disposal, culture and recreation, library, education, health and community services, community development, public improvements, and general administrative services.

Economic Condition and Outlook

Newington's October 1, 2021 grand list increased approximately 3.3% compared to the prior year. The increase was primarily attributed to the value of personal property and motor vehicles that are being assessed on the 2021 Grand List compared to the prior year. The increase in personal property value was 15.51% and motor vehicles was 25.36%. Additionally, Real Estate increased by .12%. The Town continues to maintain a balanced mix of retail, manufacturing and light industry and its top ten taxpayers represented about 8.60% of the total assessed value on the October 1, 2021 grand list. The Town's tax collection rate as of June 30, 2023 was 99.19%, slightly down .03% from the 2022 levels. Current year tax collections are similar to the same period of the previous year.

For fiscal year-end 2023, building permit activity generated \$105.2 million in construction value, up significantly from the prior year. This year we had 7 new commercial permits for a total value of \$29.8 million. Commercial projects that generated building permit activity included 92-unit apartment building at 96 Pane Road, 85-unit apartment building at 98 Pane Road, 92-unit apartment building at 100 Pane Road, 385 Stann Road new baseball training facility, 2903 Berlin Turnpike for new cannabis dispensary, 236 West Hill Road for Rockin' Chicken restaurant, and 77 Pane Road commercial building. Once again this year the trend continued of remodeling being done including the installation of pools and additions due to everyone not traveling because of the pandemic and commercial properties looking to upgrade their locations. The value of these building permits totaled \$15.7 million. Many of the local restaurants also received permits to install tents for outdoor dining. Even though Newington is limited in land for extensive housing development, there were a number of new residential permits pulled during the year. There were nine new residential properties that received permits during the fiscal year with a construction value total of \$16.6 million..

The Town's overall economic condition continues to improve, surpassing most towns in Connecticut, as exemplified by a number of economic indicators:

- According to the State Department of Labor, the Town's 2023 average unemployment rate decreased to 3.5%, versus the Hartford Labor Market and the statewide average rates of approximately 4.0%.
- Annual Median Income continues to strengthen, surpassing \$90,000.
- An Economic Digest published as a joint publication of the Connecticut Department of Labor & Connecticut Department of Economic and Community Development, state that all Connecticut Town's economic indexes recovered during the fiscal year. Of our surrounding Towns, Newington had the second highest increase in economic indexes at an increase of 22.4.
- Connecticut has continued to add jobs with the unemployment rate going down to pre-pandemic level and Newington is right in line with the State results.

Long-Term Financial Planning

The Town of Newington has continued to focus its efforts on recruitment, including soliciting new business ventures, to locate or in some instances re-locate to the town while recognizing that the Town is approximately mostly fully developed at this time. Therefore, assistance in site selection for potential new businesses combines identifying both available vacant land for new development with existing available vacant buildings with that focus on re-tooling some of these buildings for an updated new use. This effort has been actively transitioned to focus on *proactive* identification and recruitment of both new businesses as well as existing properties suitable for redevelopment.

Several significant real estate developments have either received approval or are waiting to be heard by the Town Planning & Zoning Commission or have been completed. Two of the most active areas in town continue to be the Berlin Turnpike as well as Fenn Road adjacent to Central Connecticut State University. Some of these projects include:

3333 Berlin Turnpike	5 building commercial/retail development (79,993 sf) &
	260-unit market rate apartment complex
690 Cedar Street	238-unit market rate apartment complex
550 Cedar Street	92-unit affordable apartment complex
712 Cedar Street	122-unit extended stay hotel

Phone: (860) 665-8520 Fax: (860) 665-8670
finance@newingtonct.gov
www.newingtonct.gov

12 Fenn Road	Retail dining cluster development
16 Fenn Road	Car Wash
1170 Main Street	Conversion of former industrial building to multi-tenant commercial
680 No Mountain Rd	Flex space building (17,350 sf)
227 Pane Road	150-unit market rate apartment complex with 10% affordable
77 Pane Road	Commercial building with swim school and retail (11,170 sf)
751 Russel Road	Electric car showroom/EV charging and gasoline station/market
385 Stamm Road	Indoor gym/training facility (14,000 sf)

The above projects represent a significant investment by the developers in the Town of Newington.

Newington's Town Center continues to prosper, offering affordable rents to more than one hundred businesses ranging from banks, restaurants, and health care, along with professional and personal services. Also, conversations with interested developers regarding the re-use of existing vacant buildings including the former Children's Hospital and parking lot, former Best Market Supermarket site, and the Keeney Manufacturing building continues in an attempt to bring even more variety of businesses to the downtown district. For example, the former Walgreen's pharmacy has recently been converted to another retail store. Land available in the Town Center for further development, along with redevelopment, has the potential to nearly double the size of the existing center while adding residential and new mixed-use options.

The Town has supported infrastructure improvements of the commercial area by obtaining State grants to fund additional streetscape enhancements, the most recent being Hartford Ave, Main Street and New Britain Ave, with Robbins Street currently under reconstruction.

An area of concentration that historically has not been a priority is regionalization with our neighboring towns and region. Newington is unique, in that it provides employment and housing to major cities such as Hartford, New Britain, New Haven, and East Hartford. Due to the challenges faced throughout the entire northeast, the Town of Newington has recognized that working with other communities, and the State of Connecticut can derive benefits that could aid in expansion of our tax revenues and employment opportunities. The Town of Newington has partnered with commercial realtors and developers to discuss the possibility of student housing opportunities for Central Connecticut State University. We will continue to collaborate with adjacent Universities such as, CCSU, Trinity, University of Hartford, and other institutions for internship and employment opportunities.

In reviewing the residential growth figures, two subdivisions consisting of a total of 24 single-family homes has been approved by the Town Planning & Zoning Commission. In efforts to enhance residential development, blight conditions are an important factor for our current and future residents, any blighted properties have a negative effect on our economic development efforts. The Town of Newington has been focusing on decreasing and eliminating blighted properties to maintain real estate values, while enhancing the overall appearance of our residential communities.

Infrastructure improvements have begun at the Peckham Farms subdivision on Deming Street, which is an 18-lot residential project currently under construction. Selling prices for these new homes are projected to start at \$500,000.

A second subdivision on Connecticut Ave. has been approved for 6 residential homes with an anticipated selling price to start at \$275,000.

Phone: (860) 665-8520 Fax: (860) 665-8670
finance@newingtonct.gov
www.newingtonct.gov

The Town of Newington has always been known as a highly desirable place to live, work and invest in. The entire Town staff is committed to working with the Newington Town Council, Chamber of Commerce, Economic Development Commission, Town Planning and Zoning Commission, and the Newington Community Access TV. All of the entities are committed to overcome the negative impact of the Coronavirus (COVID-19) pandemic, and any future challenges we may face.

Newington has a successful Capital Improvement Program through which its goal is to maintain the Town's infrastructure and make improvements to and/or add community facilities to enhance the Town's overall image and services it provides to Town residents. The Town's capital planning process includes 1) the evaluation of project priorities within the Town's ability to pay, public health and safety needs of its residents and legal mandates, 2) the integration of Town and Board of Education projects 3) financing plans for capital projects and 4) coordination of the capital plan with the annual operating budget. The Town's recommended funding level for capital improvements considers two components. First, the Town's Debt Management Policy advocates that the Town's total outstanding debt should be held at a manageable level. Therefore, the maximum the Town will pay for future debt service payments would allow enough funds to cover other initiatives. Secondly, recognizing the merits of the Town's Equipment Replacement Reserve Fund for vehicles, this concept was duplicated to all Town fixed assets (infrastructure and buildings). Both the short and long range plans are to continue to fund the CIP in a similar nature to assure the control of spending is justified and favorable to the Town tax payers.

Relevant Financial Policies

The Town has implemented key financial policies and management uses these as a guideline to maintain the financial stability and strength of the Town.

- **Budgetary Control** - Expenditures may not legally exceed budgeted appropriations at the department level. The Town Manager may transfer appropriations from one classification to another within the same department, except within the Board of Education, when the Manager deems it necessary for the proper administration of the Town. During the last six months of the fiscal year, the Town Council may transfer any unencumbered appropriation, except within the Board of Education, provided that the resolution making the transfer includes the certification of the Director of Finance that the balance of the appropriation is free of encumbrances. The Town Council may make a special appropriation provided that the resolution is \$375,000 or less and that the Director of Finance certifies that the amount to be appropriated is unencumbered and unappropriated in the Town's treasury. Any special appropriations up to 1.5% of the General Fund Appropriation, or less, but in excess of \$375,000 shall be passed by a Town ordinance. Special appropriations of more than 1.5% of the General Fund Appropriation require approval of the voters. Budgetary control is maintained by an encumbrance system. All purchases, except certain services as outlined in the Town's Purchasing Manual, require a purchase requisition and a purchase order. In addition, purchases over \$15,000 require evidence that written quotations were received and that the lowest quote, consistent with quality, was selected. Town Charter requires formal competitive bids for expenditures over \$30,000. Funds are recorded as encumbered when the purchase order is issued and expenditures are recorded when the Town issues a check or incurs a liability.
- **Debt Policy** - In accordance with the Newington Town Council's Debt Capacity Study completed in June 2002, it was recommended that the Town's total outstanding debt should not exceed \$30.0 million. Additionally, Debt Service as a percent of total General Fund expenditures should not exceed 6%; outstanding bonded debt as a percent of assessed value should not exceed 2.0%; and outstanding bonded debt against the population on a per capita basis should not exceed \$1,000 per year. As of right now our outstanding debt and debt per capita are over those recommendations. By

Phone: (860) 665-8520 Fax: (860) 665-8670
finance@newingtonct.gov
www.newingtonct.gov

June 30, 2024 the outstanding balance should be \$28,435 million and debt per capita will go down to below \$1,00. There are no plans to go out to bonding in the 2023-2024 fiscal year. Applicable data with regard to debt at the end of the 2023 fiscal year is represented as follows:

	Amount	Ratio of Net Debt Service to Budget	Ratio of Bonded Debt to Grand List	Debt Per Capita
Total direct debt outstanding - bonds	\$30,770,000	2.43%	1.37%	\$1,275

Major Initiatives

Work on the project that Economic Development presented for the sale of 690 Cedar Street continued during the year. This has long been a vacant property of 3.99 acres that the Town cleaned up for development. The proposed buyer intent is to develop a class-A, market rate, transit oriented, multi-family community. Currently the project is going finalizing their funding plans. The sale is expected to happen within the next year. Sale price for the property is contracted at \$1,470,000.

The Anna Reynolds Elementary School Renovation project continue. Approved bonding for this project is set at \$17,750,000 with the remaining cost being covered by the State grant programs. The intent of this project is to renovate as new the entire school. Town went to bonding for the first \$10 million bond sale for this project in the May 2023.

The Town Council approved various project under the ARPA funding. Approved projects included, two town hall canopies for the entry to Human Services and the Community Center, work at Eagle Park playground, Clem Lemire Turf field replacement, design plans for the Highway & Parks garage, and a new Police Admin vehicle.

Town Council also approved funding under the ARPA grant for Small Business Assistance. The second application period was held in the Fall of 2023 and \$135,672 of award money was distributed. Under the Small Business Assistance program, a combined total of \$401,372 was distributed.

Last year we applied for assistance and were approved for a \$1 million grant to build an EOC. The Town has a matching requirement of \$250,00 that was included in the 2021-22 fiscal budget under our Capital improvement projects. Work continued in the 2022-23 fiscal year to work on a design and determine a location for the new facility.

Charter revision committee continued their work and during the election in November is was approved by the residents. There was also a chance for residents to voice their opinion during the year when the Council hired Great Blue Research Inc. to conduct a community assessment survey. The results were shared with the Council and residents.

Capital improvements included the completion of several infrastructure projects such as pavement improvements to roads, Town Center economic study and concept plan, continued work on designing the safety radio replacement with a lease being signed, improvements to Beechwood Park Playground, and various drainage and sidewalk improvements

Phone: (860) 665-8520 Fax: (860) 665-8670
finance@newingtonct.gov
www.newingtonct.gov

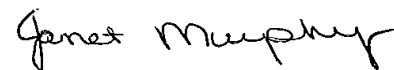

Lastly, the Town Manager resigned at the beginning of December and a Town Manager Search committee was formed. After months of meetings and interviews, our new Town Manager, Thomas Hutka, was selected and he began work as of July 1, 2023.

Awards and Acknowledgements

This report has been prepared following the guidelines of the Government Finance Officers Association (GFOA) of the United States and Canada and the Governmental Accounting Standards Board. The GFOA awards a Certificate of Achievement for Excellence in Financial Reporting to governmental units that publish an easily readable and efficiently organized Annual Comprehensive Financial Report whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. The Certificate of Achievement, which is valid for one year only, is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment for a government unit and its management. The Town was awarded the Certificate of Achievement for Excellence in Financial Reporting for the fiscal year ended June 30, 2022 for the results to receive it for the 30th consecutive year. The Town intends to submit this report to GFOA for review under this program.

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. My appreciation extends to all members of the Department who assisted and contributed to its preparation, in particular to Deputy Finance Director Lisa Rydecki. This department looks to continue to provide the support and advice you will need in carrying out the policies of the Newington Town Council and addressing the many challenging issues confronting the Town in the years ahead.

Respectfully submitted,

Janet Murphy
Director of Finance

INDEPENDENT AUDITORS' REPORT

Town Council
Town of Newington, Connecticut

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Newington, Connecticut, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town of Newington, Connecticut's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Newington, Connecticut, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Town of Newington, Connecticut and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Change in Accounting Principle

As discussed in Note 1 to the financial statements, effective July 1, 2022, the Town of Newington, Connecticut, adopted new accounting guidance for subscription-based information technology arrangements (SBITA). The guidance requires the Town to recognize a right-to-use subscription asset and corresponding subscription liability for all arrangements with contract terms greater than twelve months. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Newington, Connecticut's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Newington, Connecticut's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Newington, Connecticut's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information and the pension and OPEB schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit for the year ended June 30, 2023 was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Newington, Connecticut's basic financial statements. The combining and individual fund financial statements and schedules for the year ended June 30, 2023 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended June 30, 2023 and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole for the year ended June 30, 2023.

We also previously audited, in accordance with GAAS, the basic financial statements of the Town of Newington, Connecticut, as of and for the year ended June 30, 2022, (not presented herein), and have issued our report thereon dated December 30, 2022, which contained unmodified opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information. The accompanying General Fund balance sheet as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information was subjected to the audit procedures applied in the audit of the 2022 basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the General Fund balance sheet is fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2022.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2023, on our consideration of the Town of Newington, Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Newington, Connecticut's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Newington, Connecticut's internal control over financial reporting and compliance.

**TOWN OF NEWINGTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

This discussion and analysis of the Town of Newington, Connecticut's (Town) financial performance is provided by management to provide an overview of the Town's financial activities for the fiscal year ended June 30, 2023. Please read this MD&A in conjunction with the transmittal letter and the Town's financial statements, Exhibits I to IX.

FINANCIAL HIGHLIGHTS

- The Total Net Position for government-wide activities increased \$19.0 million from \$89.2 million to \$108.2 million, an increase of 21.2% from prior year.
- Total cost of all of the Town's programs was \$158.6 million with no new programs added this year. That was an increase of \$13.2 million from the 2022 fiscal year.
- During the year, the Town had expenses that were \$19.0 million less than the \$177.7 million generated in tax and other revenues for governmental programs.
- The resources available for appropriation were \$4.4 million more than budgeted for the General Fund. Expenditures were \$1.7 million less than appropriations.
- The General Fund reported a fund balance this year of \$38.8 million. On a budgetary basis, \$30.1 million represents the Town's fund balance; \$3.7 million is assigned for 2023-24 budget, \$2.3 million is assigned for outstanding encumbrances and \$2.7 million is the committed balance for the Board of Education Non-Lapsing Fund.
- The tax collection rate was 99.19%, down slightly from prior years' 99.22%.
- The Town of Newington's outstanding bonded debt at June 30, 2023 was \$30.8 million, an increase of \$8.2 million or 36%, from the prior year. The Town went out for bonding in the spring of 2023 for the Anna Reynolds project in the amount of \$10 million. Bonds have been authorized for work on the Anna Reynolds School in the amount of \$17.7 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The statement of net position and the statement of activities (Exhibits I and II, respectively) provide information about the activities of the Town as a whole and present a longer-term view of the Town's finances. Fund financial statements are presented in Exhibits III to IX. For governmental activities, these statements tell how these services were financed in the short term, as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds. The remaining statements provide financial information about activities for which the Town acts solely as a trustee or agent for the benefit of those outside of the government.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The analysis of the Town as a whole begins on Exhibits I and II. The statement of net position and the statement of activities report information about the Town as a whole and about its activities for the current period. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

**TOWN OF NEWINGTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

These two statements report the Town's net position and changes in them. The Town's net position, the difference between assets and liabilities, are one way to measure the Town's financial health, or financial position. Over time, increases or decreases in the Town's net position are one indicator of whether its financial health is improving or deteriorating. The reader needs to consider other non-financial factors, however, such as changes in the Town's property tax base and the condition of the Town's capital assets, to assess the overall health of the Town.

In the statement of net position and the statement of activities, the Town reports its activities:

- *Governmental activities* - The Town's basic services are reported here, including education, public safety, highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning, and general administration. Property taxes, charges for services, and state and federal grants finance most of these activities.

Fund Financial Statements

The fund financial statements begin with Exhibit III and provide detailed information about the most significant funds - not the Town as a whole. Some funds are required to be established by Charter. However, the Town Council establishes many other funds to help control and manage financial activities for particular purposes (like the Recreation Programs, Health Benefits Fund and the Employee Leave Liability Fund,) or to show that it is meeting legal responsibilities for using grants and other money (like grants received for education from the State and Federal governments and accounted for in the Special Revenue Fund). The Town's funds are divided into three categories: governmental, proprietary and fiduciary.

- *Governmental funds (Exhibits III and IV)* - Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is described in a reconciliation at the bottom of the fund financial statements.
- *Proprietary funds (Exhibits V, VI and VII)* - When the Town charges customers for the services it provides, whether to outside customers or to other units of the Town, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the statement of net position and the statement of activities. Internal service funds (the component of proprietary funds) are used to report activities that provide supplies and services for the Town's other programs and activities - such as the Town's Health Benefits Fund and Insurance Reserve Fund.
- *Fiduciary funds (Exhibits VIII and IX)* - The Town is the trustee, or fiduciary, for its employees' pension plans. All of the Town's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position. These activities are excluded from the Town's other financial statements because the Town cannot use these assets to finance its operations. The Town is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

**TOWN OF NEWINGTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The Town's combined net position increased from \$89.2 million to \$108.2 million. The analysis below focuses on the net position (Table 1).

Table 1 – Net Position
(in Thousands)

	Governmental Activities	
	2023	2022
Assets:		
Current and Other Assets	\$ 93,443	\$ 73,343
Capital Assets, Net of Accumulated Depreciation	140,875	125,869
Total Assets	234,318	199,212
Deferred Outflow of Resources	13,734	18,538
Liabilities:		
Long-Term Debt Outstanding	116,556	108,953
Other Liabilities	17,526	12,546
Total Liabilities	134,082	121,499
Deferred Inflow of Resources	5,728	7,095
Net Position:		
Net Investment in Capital Assets	110,035	96,151
Restricted	8,766	1,651
Unrestricted	(10,559)	(8,646)
Total Net Position	\$ 108,242	\$ 89,156

Net position of the Town's governmental activities increased by \$19.0 million or 21.2% (\$89.2 million compared to \$108.2 million). Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements - changed from \$(8.7) million at June 30, 2022 to \$(10.6) million at the end of this year. The largest portion of the Town's net position, \$110 million or 102%, reflects its investment in capital assets less any related debt used to acquire those assets that is still outstanding.

Governmental Activities

Change in net position (Table 2) of the Town's governmental activities increased by \$18.9 million. Approximately 60.8% of the revenues were derived from property taxes, followed by 30.66% from operating grants, the remaining 8.54% is from charges for services, capital grants and contributions and other grants that were not restricted for specific purposes. Key elements of the increase are as follows:

- Property tax revenues recorded for fiscal year 2023 stayed flat to the prior fiscal year only showing a slight \$28 thousand increase during the year. This reflects a tax rate of 38.49 mills, a decrease of .32 mills over the rate used in the previous fiscal year. The tax collection rate for the year was 99.19%, a slight decrease from the prior year of 99.22%. Increase in this area is due to the growth in the Grand list for the 2022-23 fiscal year of 2.5%.

**TOWN OF NEWINGTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

- Operating grants and contributions increased by \$9.4 million. The major increase would be the funding that we received for Board of Education. The BOE received an EDU Operating Grant in the amount of \$3.2 million that they did not receive in the prior year and all other operating grants received increased \$5.7 compared to the 2021-22 fiscal year.
- Capital grants and contributions increased \$10.5 million compared to prior year figures. Construction of the new Town Hall/Community Center was completed during the prior year and reimbursement by the State of Connecticut for the Board of Education offices and Transition Academy were received in the 2022-2023 fiscal year along with a \$5.3 EDU Capital Grant that was not received in the prior fiscal year.
- The total cost of all programs and services was \$158.6 million, up \$13.2 million. This increase is driven primarily by the Board of Education and Public Safety.

Table 2 – Change in Net Position
(in Thousands)

	Governmental Activities	
	2023	2022
Revenues:		
Program Revenues:		
Charges for Services	\$ 7,491	\$ 4,730

Net Position - End of Year	<u>\$ 108,242</u>	<u>\$ 89,156</u>

**TOWN OF NEWINGTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

The following analysis separately considers the operations of governmental activities. Table 3 presents the cost of each of the Town's five largest programs - general government, police and fire, public works, education, and parks and recreation - as well as each program's net cost (total cost less revenues generated by the activities). The net cost, which shows the financial burden placed on the Town's taxpayers by each of these functions, decreased by \$9.5 million (\$96.6 million compared to \$106.1 million). The most noteworthy changes are as follows:

- The cost of General Government, Public Safety, Public Works, Park and Recreation and other miscellaneous departments increased \$2.4 million. Primary driver of the increase was in the area of public safety which saw an increase of \$1.7 million. Increased funding from the state and higher than anticipated revenue in such places and investments and permits, offset any of the increased expenditures.
- Education experienced an increase in the amount of expenses going from \$95.7 million to 106.7. This increase was more than offset by the increase state funding which is reflected in the fact that the Net Cost of Services for the Board of Education decreased \$6.4 million.

TABLE 3 - Governmental Activities
(in Thousands)

	Total Cost of Services		Net Cost of Services	
	2023	2022	2023	2022
General Government	\$ 9,305	\$ 10,711	\$ 5,253	\$ 6,843

All Others	6,235	5,802	4,374	4,886
Total	<u>\$ 158,623</u>	<u>\$ 145,407</u>	<u>\$ 96,647</u>	<u>\$ 106,138</u>

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds

As the Town completed the year, its governmental funds (as presented in the balance sheet - Exhibit III) reported a combined fund balance of \$60.0 million. Approximately 44% of the fund balance amount or \$26.3 million constitutes unassigned fund balance that is available for unforeseen contingencies and to offset future budgets over the long term. The next largest portion, \$24.1 million or 40%, is committed to be used only for the specific purposes such as a capital or grant related projects. The balance of \$9.4 million is primarily assigned to balance the subsequent year's budget and to liquidate purchase orders. The Town had positive fund balances in all categories of net position both for the governmental as a whole as well as for its separate governmental activities.

As highlighted in Exhibit IV, the combined fund balance increased by \$8.4 million (\$60.0 million compared to \$51.6 million) from last years' total. Included in this year's total change in fund balance is an increase of \$5.1 million in Capital Project Funds. These increased funds account for financial resources available for the acquisition of major equipment or construction of facilities and primarily due to the reimbursement for the construction of the new Town Hall/Community Center and the Anna Reynolds School construction project. The General Fund's revenue and other financing sources were more than the expenditures by \$1.2 million for the fiscal year thereby increasing the fund's equity balance to \$38.8 million. Expenditures related to the transfers in will be used in future years.

**TOWN OF NEWINGTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

The Miscellaneous Grants Fund revenue and other financing sources were more than the expenditures and other financing used by \$1.2 million for the fiscal year thereby increasing the fund's equity balance to \$3.3 million.

The Town experienced a variety of significant General Fund events that affected the year ending equity balances. The major impacts include:

1. The Town had an increase of \$569 thousand in property tax revenue compared to 2022. This was due to an increase in our grand list of 2.5% partially offset by a decreased mill rate, and a slight decrease in the collection rate.
2. State of Connecticut funding was above the prior year figures by over \$2.5 million. Primary figure for this was the increase in Motor Vehicle Property Tax Grant, school grant and municipal grants in aid compared to prior years.
3. General operating expenses were up \$5.7 million compared to prior year. Board of Education expenditure increase was \$1.9 million and transfers out for such things as capital projects was \$2.4, accounting for the majority of the increase.
4. Town department expenses experience and increase of \$1.4 million compared to prior year. This increase was spread out between all of the areas..
5. Comparison between the increase in net position between fiscal year 2022 and 2023 was \$19.9 million. This is mainly due to the conservative spending increases, above expected revenue receipt and grand list growth during the year.

The Town's Nonmajor Governmental Funds account for special revenue sources that are restricted to specific purposes. The primary reason for the Nonmajor Governmental Funds increased due to the recreation program and cemetery activity starting to return to normal.

Small Cities Fund accounts for financial resources from the Federal Community Development Block Grants/Small Cities Program. The fund balance decreased by \$76 thousand as grants and other revenue sources received were not enough to fully cover the current year expenses. As of June 30, 2023, the fund balance decreased to \$40 thousand.

Proprietary Funds

The Town accounts for two funds in its proprietary funds. The Town's Health Benefits Fund and its Insurance Reserve Fund, both of which are self-funded programs and the Town's only business-type activities. Unrestricted net position of both funds totaled \$7.4 million, an increase of \$1.3 million from the prior year. This is primarily due to the performance of the Health Benefits Fund which experienced benefit payments (expenses) of \$1.2 million under revenue. The Insurance Reserve Fund is to pay for losses incurred through insurance deductibles and uninsured property and casualty losses. During the year contributions by the Town were more than the payments made for insurance claims by \$37 thousand.

**TOWN OF NEWINGTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2023, the Town had \$141 million invested in a broad range of capital assets, including land, buildings, park facilities, vehicles and equipment, roads, bridges, and storm water lines - Table 4. This amount represents a net increase (including additions and deductions) of \$14.9 million or 11.8%, over last year. This also reflects the addition as per GASB 96 of the subscription based Information Technology arrangements.

Table 4 – Capital Assets (Net of Depreciation)
(in Thousands)

	Governmental Activities	
	2023	2022
Land	\$ 7,847	\$ 7,847
Intangible Assets	2,770	2,770
Buildings and Improvements	73,834	73,458
Equipment	13,897	14,040
Right-to-Use Assets	1,639	2,500
Subscription Based Information Technology	95	152
Infrastructure	25,779	23,421
Construction in Progress	15,014	1,833
Total	<u>\$ 140,875</u>	<u>\$ 126,021</u>

This year's major additions included (in thousands):

Buildings - Additions in the amount \$2,000 thousand were due to Senior and Disabled Center Windows, Fire Company Door Openers/Doors, Fire Company 2 Roof, Kellogg Eddy House Roof and Interior Improvements, Newington High School Roof, Security Improvements/Glass Vestibules at Ruth Chaffee and John Paterson Middle Schools, Newington High School HVAC Improvements, Salt Shed Roof, Parks Garage Roof and Wood Siding and various Town Building improvements.

Land Improvements - Additions in the amount of \$1,615 thousand were due to West Meadow Cemetery Fence, Walkway and Parking Lot Improvements, Clem Lemire Legends Field Lighting, Newington High School, John Paterson Parking Lot Expansion/Improvements, Beechwood Park playground improvements, Clem Lemire Turf Field and various Town Land Improvements.

Furniture, Fixtures and Equipment - These were added in the amount of \$2,658 thousand. General Government increased by \$247 for a Chevrolet Bolt EV, an updated EV charging station for the municipal lot and many items for the new Town Hall including computer equipment, video recording server and audio visual. Public Safety increased by \$964 for the purchase of four vehicles, Fire Arial Truck Equipment, Police Milo advanced interactive simulator, Police Starchase vehicle pursuit system, Fire Alpine Red management software and Fire Keysecure master key control system. Public Works increased by \$674 due to the purchase of a John Deere tractor, two Freightliner trucks and a fluid distribution system. Parks and Recreation increased by \$227 for the purchase of an F-250 with plow and sander, a backhoe loader, a robotic field liner, a stand-on leaf blower, a riding lawn mower and basketball hoops/score table set. Board of Education increased by \$546 for a Ford Explorer, 2 Express vans, a Transit van, Nutanix software and an elevator cylinder for Newington High School

**TOWN OF NEWINGTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

Infrastructure - Additions in the amount \$3,156 were due to continued work on Robbins/Maple Hill bike lane construction, John Paterson Sidewalks, Curbs and Handicap Ramp, resurfacing/improvements to Brockett Street, Stuart Street, Apple Hill, West Meadow Cemetery Road, Flagler Street, Edward Street, Clarendon Terrace, Lydall Road, Settlers Knoll, Cortland Way, Valentine Street, and other smaller roads comprising 35,425 linear feet.

Construction in Progress - Additions in the amount of \$13,181 thousand were due to costs for the Anna Reynolds Renovate as New project and continued work on the Library Expansion plans.

Total Net Additions	\$ <u>22,610</u>
---------------------	------------------

The Town's fiscal-year 2023-24 budget calls for it to spend \$6.8 million for capital projects, of which \$0.6 million is financed from the State of Connecticut and the balance from local funds. It is primarily to finance major vehicle equipment replacement, road reconstruction and resurfacing, town technology, Emergency Operations Center construction, Police patrol car dashboard cameras and radio lease.

More detailed information about the Town's capital assets is presented in Note 1 and Note 5 to the financial statements.

Long-Term Debt

At June 30, 2023, the Town had \$30.8 million in bonds outstanding versus \$22.6 million last year - an increase of 36.3% - as shown in Table 5.

Table 5 – Outstanding Debt
(in Thousands)

	Governmental Activities	
	2023	2022
General Obligation Bonds (Backed by the Town)	\$ 30,770	\$ 22,620

- The increase in the Town's indebtedness is due to new bond issue this fiscal year for the Anna Reynolds School Construction Project in the amount of \$10 million partially offset by payments being made on the prior issued bonds. The Town has bonds authorized but unissued in the amount of \$4.8 for the Town Hall Project and \$7.7 million was approved in the Fall of 2020 for the renovation of the Anna Reynolds School.
- The Town holds a credit rating from Moody's Investor Services of Aa2. Standard & Poor's Ratings Services raised its rating on the Town's general obligation bonds to 'AA+' from 'AA' based on the implementation of its local GO criteria.
- The State limits the amount of general obligation debt that towns can issue based on a formula determined under State Statutes based on type of debt and tax base. When the Town's outstanding general obligation debt is calculated in accordance with this formula, it is significantly below this \$746 million state-imposed limit.

Other obligations include an accrued vacation pay and sick leave and capital leases for a fire truck. More detailed information about the Town's long-term liabilities is presented in Note 7 to the financial statements.

**TOWN OF NEWINGTON, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

From a financial perspective as detailed in this annual financial report, Newington once again successfully managed the 2022-23 budget through prudent, conservative fiscal management. This is evidenced from the fact that final actual expenditures are \$1.7 million under the final budget and the revenue side was favorable \$4.4 million. The significant challenges in the development of the 2023-24 Town budget continued to be: 1) the economic conditions in the region and nationally; 2) maintain costs to meet the high level of service to which Town residents are accustomed; and 3) the ability of citizens to absorb any increases in taxes during a year when many citizens are experiencing financial difficulty. The Town's adopted fiscal year 2023-24 General Fund appropriations totaled \$137.5 million, an increase of 2.64 over the 2023 budget of \$134 million. The most significant factor driving the overall budget increase is the combined operating expense increases for both the Town and Board of Education of \$5.1 million or 3.8%. The increase in vendor cost, materials and salary are the major factors for the increase.

On the revenue side, the 10/1/2022 taxable list increased 3.3% from the 2021 Grand List. The net real estate grand list increased .12% which is attributable to the slight increase in residential building in town. The personal property category increased by 15.51%. The 2022 motor vehicle component of the Grand List increased 25.36% over the 2021 Grand List. Estimated State Aid and other revenue sources such as building permits and real estate conveyance fees, which comprises approximately 20.4% of total revenues, increased 19.5% compared to the actuals for 2021-22. The passing of the state statute requiring the capping of the mill rate for motor vehicles will see us reduce our taxable grant list for the 2023-24 fiscal year by approximately 11.2%. These funds will be reimbursed to the Town from the state at 100% and with the plan that in future years the percentage of reimbursement will decline.

On a budgetary basis, the June 30, 2023 unassigned General Fund balance, after the designation of \$3.7 million to assist in financing the 2023-24 appropriations, increased by \$1.6 million to a level of \$30.1 million or 21.9% of the fiscal year 2023-24 budget. The Town has consistently maintained a ratio of unassigned fund balance at a level of 10% or higher of subsequent year's appropriation, which is consistent with the parameters as set forth by the credit industry. The result was a tax decrease of 0.3% without compromising the delivery of services to the community. Similar to other communities, Newington has had to address the difficult budgetary and economic times through strong management, well-managed fund balances and an active economic development program.

At this point in time, a review of key economic indicators shows that Newington has seen the effects of a national and state economic decline due to the COVID pandemic. We continue to hold steady with per capita income of Newington's residents being approximately \$43 thousand, slightly below the statewide average, but its median family income of \$90.4 thousand exceeds the statewide average. Building permit activity continue to increase in comparison to last year's value of permits in October of 2022. As of October 2023, the unemployment rate for Newington was 3.4%, down from 3.6%, in the prior year, but compares favorably to the State's unemployment rate during the same period.

The Town of Newington is well positioned to deal with the present economic situation. With an overwhelming reliance on property taxes, Newington's income stream is rather stable, even during a period of fiscal stress. The Town's diverse tax base lends stability to the Town's revenue. The Town's Berlin Turnpike, central location in the State and proximity to Hartford continue to attract and retain housing and commercial development. This increased development will lend itself to expand the tax base. Newington will continue to take steps to exercise fiscal discipline and manage revenue shortfalls through diligent cost control and enhanced operating efficiencies.

**TOWN OF NEWINGTON, CONNECTICUT
BALANCE SHEET
GOVERNMENTAL FUNDS (CONTINUED)
JUNE 30, 2023
(IN THOUSANDS)**

RECONCILIATION TO THE STATEMENT OF NET POSITION

Total Fund Balances - Governmental Funds (Exhibit III) \$ 60,031

Amounts reported for governmental activities in the statement of net position (Exhibit I) are different because of the following:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:

Governmental Capital Assets	254,985
Less: Accumulated Depreciation and Amortization	(114,110)
Net Capital Assets	140,875

Other long-term assets are not available to pay for current-period expenditures and, therefore, are not recorded in the funds:

Housing Loan Receivables	790
LOCIP Receivables	210
Property Tax Receivables Greater than 60 Days	933
Grant Receivables Greater than 60 Days	5,328
Interest Receivable on Property Taxes	342
Deferred Outflows Related to Pensions	11,493
Deferred Outflows Related to OPEB	2,134

Internal service funds are used by management to charge the costs of risk management to individual funds. The assets and liabilities of the internal service funds are reported with governmental activities in the statement of net position.

7,352

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:

Bonds Payable	(30,770)
Notes Payable	(575)
Deferred Amount in Refunding	107
Deferred Charge on Premium	(1,718)
Interest Payable on Bonds	(44)
Net OPEB Liability	(12,193)
Deferred Inflows Related to OPEB	(4,704)
Compensated Absences	(1,851)
Lease Liability	(1,655)
Subscription Based Information Technology Agreements	(69)
Deferred Inflows Related to Pensions	(49)
Net Pension Liability	(67,725)

Net Position of Governmental Activities as Reported on the Statement of Net Position (Exhibit I)

\$ 108,242

See accompanying Notes to Financial Statements.

TOWN OF NEWINGTON, CONNECTICUT
STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
GOVERNMENTAL FUNDS (CONTINUED)
YEAR ENDED JUNE 30, 2023
(IN THOUSANDS)

RECONCILIATION TO THE STATEMENT OF ACTIVITIES

Net Change in Fund Balances - Governmental Funds (Exhibit IV) \$ 8,470

Amounts reported for governmental activities in the statement of activities (Exhibit II) are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation/amortization expense:

Capital Outlay	22,610
Depreciation and Amortization Expense	(7,213)

In the statement of activities, only the gain or loss on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus the change in net position differs from the change in fund balance by the cost of the assets sold.

(543)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, and revenues recognized in the funds are not reported in the statement of activities:

Property Tax Interest and Lien Revenue - Accrual Basis Change	13
Property Tax Receivable - Accrual Basis Change	(70)
Housing Loan Receivable - Accrual Basis Change	64
LOCIP Reserve Receivable - Accrual Basis Change	22
Grants Receivable - Accrual Basis Change	5,328
Deferred Outflows Related to Pensions	(4,775)
Deferred Outflows Related to OPEB	16

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are amortized and deferred in the statement of activities. The details of these differences in the treatment of long-term debt and related items are as follows:

Issuance of General Obligation Bonds	(10,000)
Premium on General Obligation Bonds	(475)
Bond Principal Payments	1,850
Note Principal Payments	159
Lease Principal Payments	829
Subscription Based Information Technology Payments	83

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Compensated Absences	114
Accrued Interest	(6)
Deferred Inflow Related to OPEB	692
Change in Net OPEB Liability	(184)
Amortization of Premium	211
Amortization of Deferred Charge on Refunding	(45)
Deferred Inflow Related to Pensions	690
Change in Net Pension Liability	(38)

Internal service funds are used by management to charge costs to individual funds. The net revenue of certain activities of internal services funds is reported with governmental activities.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Newington (the Town) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant policies of the Town are described below.

A. Reporting Entity

The Town was incorporated on July 10, 1871. The Town operates under a Council-Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, sanitation, health and social services, culture-recreation, education, public improvements, planning and zoning, and general administrative services.

Accounting principles generally accepted in the United State of America require that the reporting entity include the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. A government is financially accountable for a legally separate organization if it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the government. These criteria have been considered and have resulted in the inclusion of the fiduciary component units as detailed below.

Fiduciary Component Units

The Town has established four single-employer Public Retirement Systems (PERS), one defined contribution plan and one postretirement health care benefits (OPEB) plan to provide retirement benefits and postretirement health care benefits to employees and their beneficiaries. The Town performs the duties of a governing board for the Pension and OPEB plans and is required to make contributions to the pension and OPEB plans.

The financial statements of the fiduciary component units are reported as Pension and OPEB Trust funds in the fiduciary fund financial statements. Separate financial statements have not been prepared for the fiduciary component units.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, charges for services, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received.

The Town reports the following major governmental funds:

General Fund

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the Town, except those required to be accounted for in another fund.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Capital Projects Fund

The Capital Projects Fund accounts for the construction and acquisition of major capital assets.

Miscellaneous Grants Fund

The Miscellaneous Grants Fund accounts for various state and federal grant programs administered by Town departments.

Additionally, the Town reports the following fund types:

Internal Service Funds

The Internal Service Funds account for the Town's health benefits programs.

Pension and Other Employee Benefit Trust Funds

The Pension and Other Employee Benefit Trust Funds account for the fiduciary activities of the Town's four defined benefits pension plans, one defined contribution plan and the Other Post-Employment Benefits (OPEB) Trust Fund, which accumulates resources for pension and health benefit payments to qualified Town employees.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between certain Town functions because the elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include property taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's internal service funds are charges to customers for services. Operating expenses for the internal service funds include the cost of health benefits and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed. Unrestricted resources are used in the following order: committed, assigned then unassigned.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the Town to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, and certain other investments as described in Note 3.

Investments for the Town are reported at fair value.

E. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." All trade and property tax receivables are shown net of an allowance for collectibles. The property tax receivable allowance of \$94 is equal to 7.7% of outstanding property taxes at June 30, 2023.

The Town's property tax is levied each May on the assessed value listed on the prior October 1 Grand List for all taxable property located in the Town. Although taxes are levied in May, the legal right to attach property does not exist until July 1, and, as such, taxes are due and payable in two installments on July 1 and January 1 following the date of the Grand List. Additional property taxes are assessed for motor vehicles registered subsequent to the Grand List date through July 31 and are payable in one installment due January 1. It is the policy of the Town to record deferred revenue for property taxes receivable at June 30. Property taxes collected prior to June 30 that are applicable to the subsequent year's assessment are reported as a deferred inflow of resources. Taxes become overdue one month after the installment due date. Interest at the rate of 1.5% per month accrues on all overdue taxes. The Town files liens against property if taxes that are due July 1 remain unpaid on the following June 30.

F. Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures/expenses when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Land, construction, and certain intangible assets are not depreciated or amortized. The intangible asset that is not amortized consists of a perpetual easement agreement and is recorded at fair value. In accordance with GASB Statement No. 51, intangible assets with indefinite useful lives are not subject to amortization. The other tangible and intangible assets are depreciated/amortized using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50 Years
Building Improvements	20 Years
Public Domain Infrastructure	40 Years
System Infrastructure	60 Years
Vehicles	8 Years
Office Equipment	5 Years
Computer Equipment	5 Years

Right-to-use lease assets are initially measured at the present value of payments expected to be made during the lease term, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized in a systematic and rational manner over the lease term.

SBITA assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received from the SBITA vendor at the commencement of the SBITA term. SBITA assets are amortized in a systematic and rational manner over the subscription term.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town reports a deferred charge on refunding and deferred outflows related to pension and OPEB in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. A deferred outflow of resources related to pension and OPEB results from differences between expected and actual experience, changes in assumptions and the net difference between project and actual earning on plan investments. These amounts are deferred and included in pension and OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plan (active employees and inactive employees), or in the case of the difference in projected and actual earnings on pension and OPEB plan investments, over a systematic and rational method over a closed five-year period. No deferred outflows of resources affect the governmental fund financial statements in the current year.

I. Deferred Inflows of Resources

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The Town reports deferred inflows related to leases and advance property tax collections in the government-wide statement of net position and the governmental fund financial statements. In addition, the Town reports deferred inflows of resources related to pensions and OPEB in the government-wide statement of net position. A deferred inflow of resources related to pension and OPEB results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension and OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plan (active employees and inactive employees). The lease related deferred inflow of resources is recorded in an amount equal to the corresponding lease receivable plus any payments received at or before the start of the lease term that relates to future periods, less any lease incentives paid to, or on behalf of the lessee at or before the commencement of the lease term. The inflow of resources is recognized in a systematic and rational manner over the term of the lease. Advance property tax collections represent taxes inherently associated with a future period. This amount is recognized during the period in which the revenue is associated.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Deferred Inflows of Resources (Continued)

For governmental funds, the Town reports unavailable revenue, which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from the following sources: property taxes, loans, and grants. These amounts are deferred and recognized as an inflow of resources (revenue) in the period that the amounts become available.

J. Compensated Absences

Employees are paid by a prescribed formula for absence due to vacation or sickness. For eligible Town employees and Board of Education noncertified employees, sick time may be accumulated and paid upon death, retirement, or termination, up to certain limits. The Town does not recognize sick pay liability for Board of Education certified staff. The Town does not accrue vacation pay liability because employees are generally not allowed to carry vacation time over to the following year.

A special revenue fund, the Employee Leave Liability Fund, has been established to offset the Town's future liability for unused, accrued sick pay earned by Town employees in accordance with official personnel policies. The fund is used to pay employees who are entitled to cash payments for unused sick leave. The General Fund generally provides for the payment of compensated absences for active employees.

K. Net Pension Liability

The net pension liability is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service (total pension liability), net of the pension plan's fiduciary net position. The pension plan's fiduciary net position is determined using the same valuation methods that are used by the pension plan for purposes of preparing its statement of fiduciary net position. The net pension liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

L. Net OPEB Liability

The net OPEB liability is measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB plan's fiduciary net position. The OPEB plan's fiduciary net position is determined using the same valuation methods that are used by the OPEB plan for purposes of preparing its statement of fiduciary net position. The net OPEB liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of any significant applicable bond premium or discount. Bond issuance costs whether or not withheld from the actual debt proceeds received, are reported as debt service expenses.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N. Equity

Equity in the government-wide financial statements is defined as “net position” and is classified in the following categories:

Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted – This component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restrictions are externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of net position consists of net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that do not meet the definition of “restricted” or “net investment in capital assets.”

The equity of the fund financial statements is defined as “fund balance” and is classified in the following categories:

Nonspendable Fund Balance – This represents amounts that cannot be spent due to form (e.g., inventories and prepaid amounts).

Restricted Fund Balance – This represents amounts constrained for a specific purpose by external parties, such as grantors, creditors, contributors or laws and regulations of their governments.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Equity (Continued)

Committed Fund Balance – This represents amounts constrained for a specific purpose by a government using its highest level of decision-making authority (Town Council). Amounts remain committed until action is taken by the Town Council (resolution) to remove or revise the limitations.

Assigned Fund Balance – This balance represents amounts constrained for the intent to be used for a specific purpose by the Town Council or Director of Finance, who have been delegated authority to assign amounts by the Town Charter.

Unassigned Fund Balance – This represents fund balance in the General Fund in excess of nonspendable, restricted, committed and assigned fund balance. If another governmental fund has a fund balance deficit, it is reported as a negative amount in unassigned fund balance.

O. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities including disclosures of contingent assets and liabilities and reported revenues, expenses and expenditures during the fiscal year. Accordingly, actual results could differ from those estimates.

P. Adoption of New Accounting Standards

In May 2020, the GASB issued GASB Statement No. 96, Subscription-Based Information Technology Arrangements. This standard defines a subscription-based information technology arrangement (SBITA); establishes that a SBITA results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability; provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and requires note disclosures regarding a SBITA.

The Town adopted the requirements of the guidance effective July 1, 2022 and has applied the provisions of this standard to the beginning of the period of adoption. The implementation of this standard resulted in the Government reporting a SBITA asset and a SBITA liability as disclosed in Note 5 and Note 7.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The Town adheres to the following procedures in establishing the budgetary data reported in the financial statements for the General Fund. Prior to March 16, the Town Manager submits to the Town Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.

Two public hearings are held by the Town Council, at which taxpayer comments are obtained, and then the Town Council legally adopts the budget by a majority vote of all its members. If the Town Council fails to adopt a budget within ten days after holding its second public hearing, the Town Manager's budget becomes the Town budget.

- The Town Manager is authorized to transfer budgeted amounts within departments within any fund, except within the Board of Education. The Town Council, during the last six months of the year, may transfer any unencumbered appropriations between departments, except for the Board of Education. The Board of Education is responsible for establishing its own system of budgetary control and certification of the sufficiency of unexpended and unencumbered balance of appropriation. The Town Council may authorize additional appropriations from unappropriated and unencumbered General Fund balance up to \$375,000 (amount not rounded). Special appropriations between \$375,000 (amount not rounded) and 1.50% of the general fund appropriation shall require a Town ordinance, and special appropriations over 1.5% of general fund appropriation require voter approval. No more than 2 special appropriations may be authorized by the Town Council during a single fiscal year.
- Formal budgetary integration is employed as a management control device during the year for the General Fund legally adopted budget.
- Except for encumbrance accounting, the on-behalf contributions from the State of Connecticut into the TRB Pension and OPEB plans, and some intergovernmental grant revenues, the budget is prepared on the modified accrual basis of accounting.
- The legal level of control (the level at which expenditures may not legally exceed appropriations) is at the department level for the General Fund.
- Budgeted amounts shown are as amended. There were additional appropriations from fund balance of \$980 during 2022-2023.

Generally, all unencumbered appropriations lapse at year-end, except those for the Capital Projects Funds. Appropriations for capital projects are continued until completion of applicable projects, even when projects extend more than one fiscal year. Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are reported as committed or assigned fund balance, depending on the nature of restriction, and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year. Encumbrances outstanding at year-end are classified as restricted, committed, or assigned based on the restrictions on the underlying revenue source, in accounting with GAAP.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

B. Fund Deficit

The State and Federal Grants and the LOCIP reserve fund, nonmajor special revenue funds, had deficits of \$100 and \$85 at June 30, 2023. These deficits will be funded when the town receives the grant revenue in a future period.

NOTE 3 CASH, CASH EQUIVALENTS AND INVESTMENTS

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a "qualified public depository" as defined by statute, or, in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit, in an "out of state bank" as defined by the statutes, which is not a "qualified public depository."

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies, 2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the statutes cover specific municipal funds with particular investment authority. The provisions of the statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the state Short-Term Investment Fund (STIF) are under the control of the state treasurer, with oversight provided by the treasurer's Cash Management Advisory Board and are regulated under the state statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the fair value of the position in the pool is the same as the value of the pool shares.

A. Deposits

Deposit Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposit will not be returned. The Town does not have a deposit policy for custodial credit risk. The deposit of public funds is controlled by the Connecticut General Statutes. Deposits may be placed with any qualified public depository that has its main place of business in the state of Connecticut. Connecticut General Statutes require that each depository maintain segregated collateral (not required to be based on a security agreement between the depository and the municipality and, therefore, not perfected in accordance with federal law) in an amount equal to a defined percentage of its public deposits based upon the depository's risk-based capital ratio.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS

(IN THOUSANDS)

NOTE 3 CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

A. Deposits (Continued)

Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, \$32,962 of the Town's bank balance of \$34,342 was exposed to custodial credit risk as follows:

Uninsured and Uncollateralized	\$ 29,566
Uninsured and Collateral Held by the Pledging Bank's Trust Department, Not in the Town's Name	<u>3,396</u>
Total Amount Subject to Custodial Credit Risk	<u><u>\$ 32,962</u></u>

Cash Equivalents

At June 30, 2023, the Town's cash equivalents amounted to \$50,664. The following table provides a summary of the Town's cash equivalents (excluding U.S. government guaranteed obligations) as rated by nationally recognized statistical rating organizations.

	<u>Standard and Poor's</u>
State Short-Term Investment Fund (STIF)	AAA
Money Market Funds*	

* Not rated

STIF is an investment pool of high-quality, short-term money market instruments with an average maturity of less than 60 days. There were no limitations or restrictions on any withdrawals due to redemption notice periods, liquidity fees, or redemption gates. The pool has a maturity of less than one year.

B. Investments

Investments as of June 30, 2023 in all funds consisted of \$110,175 as follows:

Investments:

General Fund:

Mutual Funds	<u>\$ 2,215</u>
Total General Fund	2,215

Special Revenue Fund:

Mutual Funds	<u>3,150</u>
Total Special Revenue Fund	3,150

Pension and OPEB Trust Funds:

Corporate Bonds	6,386
U.S. Government Securities	10,465
Common Stocks	24,630
Mutual Funds	<u>63,329</u>
Total Pension and OPEB Trust Funds	<u>104,810</u>

Total Investments	<u><u>\$ 110,175</u></u>

Mutual Funds	68,694			
Total Investments	\$ 110,175			

Credit Risk

Generally, credit risk is the risk that an issuer of a debt-type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. Presented below is the rating of investments for each debt type investment.

Average Rating	Corporate Bonds	U.S. Government Securities
Aaa	\$ 770	\$ 10,465
Aa3	179	-
A1	1,310	-

Total	\$ 6,386	\$ 10,465

Interest Rate Risk

The Town limits its maximum final stated maturities to 15 years, unless specific authority is given to exceed. To the extent possible, the Town will attempt to match its investments with anticipated cash flow requirements.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 3 CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

Credit Risk – Investments

As indicated above, state statutes limit the investment options of cities and towns. The Town has an investment policy that allows the same type of investments as state statutes.

Concentration of Credit Risk

The Town does not have an investment policy that limits an investment in any one issuer in excess of 5% of the Town's total investment. The Town does not have any investments that are in excess of 5% in any one issuer at year-end.

Custodial Credit Risk

Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the Town or that sells investments to or buys them for the Town), the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town does not have a policy for custodial credit risk. At June 30, 2023, the Town did not have any uninsured and unregistered securities held by the counterparty, or by its trust department or agent that were not in the Town's name.

Fair Value Measurement

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements); followed by quoted prices in inactive markets or for similar assets or with observable inputs (Level 2 measurements); and the lowest priority to unobservable inputs (Level 3 measurements). The Town has the following recurring fair value measurements as of June 30, 2023:

	Fair Value	Level 1	Level 2	Level 3
Investments by Fair Value Level:				
U.S. Government Securities	\$ 10,465	\$ -	\$ 10,465	\$ -
Corporate Bonds	6,386	55	6,331	-
Common Stock	24,630	24,630	-	-
Mutual Funds	68,694	68,694	-	-
Total Investments by Fair Value Level	<u>\$ 110,175</u>	<u>\$ 93,379</u>	<u>\$ 16,796</u>	<u>\$ -</u>

Mutual funds and common stock classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. U.S. government securities and corporate bonds classified as Level 2 of the fair value hierarchy are valued using matrix pricing techniques. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

(IN THOUSANDS)

NOTE 6 INTERFUND ACCOUNTS

Interfund receivables and payables generally represent temporary balances arising from reimbursement type transactions. A summary of interfund balances as of June 30, 2023 is presented below:

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor Governmental Funds	\$ 189
	Pension and Other Post Employment Benefit Trust Fund	234
		<u>423</u>
Total		<u>\$ 423</u>

Interfund transfers:

	Transfer In				
	General	Capital Projects	Miscellaneous Grants Fund	Nonmajor Governmental	Internal Service
Transfers Out:					
General Fund	\$ -	\$ 10,158	\$ 2	\$ 66	\$ 125
Nonmajor Governmental	183	155	-	-	-
Total Transfers In	<u>\$ 183</u>	<u>\$ 10,313</u>	<u>\$ 2</u>	<u>\$ 66</u>	<u>\$ 125</u>
					<u>\$ 10,689</u>

Transfers are used to move General Fund revenues to finance various capital projects in accordance with budgetary authorizations, as well as to transfer amounts provided as subsidies or matching funds for various grant programs.

NOTE 7 LONG-TERM DEBT

Changes in Long-Term Liabilities

Long-term liability activity for the year ended June 30, 2023 was as follows:

	Beginning Balance (1)	Additions	Reductions	Ending Balance	Due Within One Year
Governmental Activities:					
Bonds Payable:					
General Obligation Bonds	\$ 22,620	\$ 10,000	\$ 1,850	\$ 30,770	\$ 2,335
Premiums	1,454	475	211	1,718	-
Total Bonds Payable	<u>24,074</u>	<u>10,475</u>	<u>2,061</u>	<u>32,488</u>	<u>2,335</u>
Compensated Absences	1,965	97	211	1,851	805
Lease Liability	2,484	-	829	1,655	856
Subscription Liability	152	-	83	69	44
Net OPEB Liability	12,009	184	-	12,193	-
Net Pension Liability	67,687	38	-	67,725	-
Notes Payable - Direct Borrowing	<u>734</u>	<u>-</u>	<u>159</u>	<u>575</u>	<u>162</u>
Total Governmental Activities Long-Term Liabilities	<u>\$ 109,105</u>	<u>\$ 10,794</u>	<u>\$ 3,343</u>	<u>\$ 116,556</u>	<u>\$ 4,202</u>

(2) The beginning balance was restated due to the implementation of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. See Note 1.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 7 LONG-TERM DEBT (CONTINUED)

For the governmental activities, compensated absences, net pension liability, and net OPEB liability are generally liquidated by the General Fund.

A schedule of bonds and serial notes outstanding at June 30, 2023 is presented below:

Description	Date of Issue	Amount of Interest Rate (%)	Balance Original Issue	Outstanding June 30, 2022
General Purpose Bonds:				
Police Station	02/13	1.0-4.0%	\$ 8,700	\$ 625
Town Hall/Community Center	06/19	3.0-5.0%	6,750	5,400
Town Hall/Community Center	06/20	2.0-5.0%	11,250	9,563
School:				
School Improvements	02/13	1.0-4.0%	4,950	195
Board of Education Offices	06/19	3.0-5.0%	2,250	1,800
Board of Education Offices	06/20	2.0-5.0%	3,750	3,187
Anna Reynolds	06/23	4.0-5.0%	10,000	10,000
Total				<u>\$ 30,770</u>

The following is a schedule of bond maturities as of June 30, 2023:

Fiscal Year Ending June 30.	Principal	Interest	Total
2024	\$ 2,335	\$ 1,098	\$ 3,433
2025	1,885	1,007	2,892
2026	1,700	919	2,619
2027	1,700	833	2,533
2028	1,700	760	2,460
2029-2033	8,500	2,805	11,305
2034-2038	8,500	1,474	9,974
2039-2043	4,450	364	4,814
Total	<u>\$ 30,770</u>	<u>\$ 9,260</u>	<u>\$ 40,030</u>

Debt Limit

The Town's indebtedness does not exceed the legal debt limitations as required by the Connecticut General Statutes as reflected in the following schedule:

Category	Debt Limit	Net Indebtedness	Balance
General Purpose	\$ 239,787	\$ 22,043	\$ 217,744
Schools	479,574	22,932	456,642
Sewers	399,645	77,604	322,041
Urban Renewal	346,359	-	346,359
Pension Deficit	319,716	-	319,716

The total overall statutory debt limit for the Town is equal to seven times annual receipts from taxation or \$746 million (amount not rounded). All long-term debt obligations are retired through General Fund appropriations. At June 30, 2023, the Town had \$4,800 of authorized, unissued bonds for the Town Hall and Community Center Project and \$7,750 for school projects.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 7 LONG-TERM DEBT (CONTINUED)

Debt Limit (Continued)

Indebtedness, in accordance with state statutes, includes long-term debt outstanding in addition to the amount of bonds authorized and unissued against which bonds have been issued to partially finance the project or bond anticipation notes issued and outstanding. Sewer indebtedness includes overlapping debt of the Metropolitan District

As a member of the Metropolitan District (a quasi-municipal corporation that provides water supply and sewerage collection and disposal facilities for members), the Town is contingently liable for \$77,604 or 9.00% of the debt of the Metropolitan District.

Leases Payable

The Town leases equipment for various terms under long-term, noncancelable, lease agreements. These leases expire at various dates through 2025.

The future minimum lease payments under lease agreements as of June 30, 2023 were as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2024	\$ 861	\$ 13
2025	794	4
Total:	<u>\$ 1,655</u>	<u>\$ 17</u>

Notes Payable – Direct Borrowing

The Town has direct borrowing notes outstanding. The notes were issued to finance the purchase of equipment. The annual debt service requirements of notes payable are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2024	\$ 162	\$ 7
2025	164	4
2026	165	3
2027	84	1
Total	<u>\$ 575</u>	<u>\$ 15</u>

Subscription-Based Information Technology Arrangements

The Town has entered into subscription-based information technology arrangements (SBITAs) for various software. The SBITA arrangements expire at various dates through 2023 and provide for renewal options.

Total future minimum payments under SBITA arrangements are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2024	\$ 44	\$ 2
2025	25	1
Total	<u>\$ 69</u>	<u>\$ 3</u>

Technology Arrangements	152
Less: Accumulated Amortization	<u>(57)</u>
Total	<u><u>95</u></u>

NOTE 8 RISK MANAGEMENT

The Town is exposed to various risks of loss including torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town generally obtains commercial insurance for these risks but has chosen to retain the risks for employee health and medical claims. The Health Insurance Internal Service Fund is utilized to report the self-insurance activity. Anthem Blue Cross/Blue Shield administers the plan, for which the Town pays a fee. The General Fund (Town and Board of Education) and Cafeteria Fund (Special Revenue Fund) contribute based on Anthem Blue Cross/Blue Shield estimates made using the Town's historical data. The Town covers all claims up to \$175,000 (amount not rounded) per participant per year with an individual stop-loss policy covering amounts exceeding the limit. In addition, the Town has an aggregate stop-loss policy that would cover claims exceeding 120% of the total estimated claims for the plan year. Settled claims for all types of commercial coverage have not exceeded coverage in any of the past three years.

The claims liability of \$1,064 reported in the Health Benefits Internal Service Fund at June 30, 2023 is based on GASB Statement No. 10, which requires that a liability for estimated claims incurred but not reported be recorded. Changes in the claims liability were:

<u>Year Ending</u>	<u>Liability July 1,</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Liability June 30,</u>
2021-2022	\$ 685	\$ 10,883	\$ 10,390	\$ 1,178

NOTE 10 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS

Defined Benefit Plans

A. Plan Description and Benefits Provided

The Town maintains four single-employer, contributory (except for Volunteer Firefighters' Plan), defined benefit pension plans. The plans cover substantially all full-time employees except certified personnel at the Board of Education. The four pension plans are part of the Town's financial reporting entity and are accounted for in the Pension Trust Funds: Municipal Employees', Police Officers', Administrative Employees', and Volunteer Firefighters' Plans. Each plan provides retirement, disability and death benefits to plan members and beneficiaries. The Charter provides the authority to establish and amend benefit provisions to the Town Council. Stand-alone financial statements are not issued. Management of the plans rests with the Town Manager and Director of Finance. Policy oversight is provided by The Employee Insurance and Pension Benefits Committee (EIPBC), which consists of 11 members: five who specialize in the employee benefits field, two from the Town Council, two from the Board of Education, and two alternate members.

Municipal Employees' Plan

All bargaining unit employees are eligible to participate in the plan except elected officials, police officers and certified professional employees of the Newington Board of Education. Effective January 1, 2007, the plan was closed to all new hires. Benefits vest after 5 years of continuous service or 15 years of aggregate service. The normal retirement is the earlier of age 63 or completion of 25 years of service.

Pension benefits for normal retirement under the Municipal Employees' Plan are based on the average rate of earnings during the three years for which the participants' earnings were at their highest level (final earnings). The participants' yearly pension amount will be equal to 1.7% of the final earnings multiplied by the number of years of aggregate service through July 1, 1990 plus 2% of final earnings times years of aggregate service since July 1, 1990. The plan permits early retirement for participants at age 55 with 5 years of continuous service or 15 years of aggregate service.

Police Officers' Plan

All Police Officers, Canine Control officers and Public Safety Dispatchers of the Newington Police Department are eligible to participate in the plan. Benefits vest after 10 years of full-time service. Normal retirement is the earlier of age 50 or 20 years of service. For employees hired after October 1, 2013, normal retirement is the later of age 50 or 25 years of service.

Pension benefits for normal retirement under the Police Officers' Plan are based on the average rate of earnings during the three years of which the participants' earnings were at their highest level (final earnings). The participants' yearly pension benefit will be equal to 2.5% of the final earnings multiplied by the years of service. For employees hired after January 1, 2007, the benefit is capped at 70% of base compensation in the year prior to retirement. The plan permits early retirement for participants at age 45 with 10 years of service (or 20 years of service if hired after January 1, 2007) with benefits reduced by the appropriate early retirement adjustment.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 10 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Defined Benefit Plans (Continued)

A. Plan Description and Benefits Provided (Continued)

Administrative Employees' Plan

All administrative or technical employees not covered under the Municipal Employees' Plan or Police Officers' Plan are eligible under the Administrative Employees' Plan. Effective January 1, 1997, the plan was closed to all new hires. Benefits vest after 5 years of continuous service or 15 years of aggregate service. Normal retirement is the earlier of age 65 or 30 years of service.

Pension benefits for normal retirement under the Administrative Employees' Plan are based on the rate of earnings for the highest average earnings received in any three consecutive years. The participants' yearly pension amount will be equal to 1.75% of final earnings up to \$10,000 (amount not rounded) plus 2% of final earnings in excess of \$10,000 multiplied by the number of years of aggregate service. The plan permits early retirement for participants at age 55 who have 10 years of continuous service or 15 years of aggregate service. Benefits for early retirement are computed based on the normal retirement benefit and adjusted by the appropriate early retirement adjustment factor.

Volunteer Firefighters' Plan (amounts not rounded)

Effective July 1, 1994, accrued benefits for eligible members of the Newington Volunteer Fire Department are frozen for all but 17 participants. Ongoing benefits are provided through a new Volunteer Firefighters' Defined Contribution Plan. Benefits vest after 10 years of service. Normal retirement age is 60.

The 17 continuing participants receive benefit enhancements that will be phased in over a five-year period. Monthly pension benefit amount for normal retirement for those who continue in this Volunteer Firefighters' Plan is equal to \$120 based on the completion of 10 years of credited service plus \$7.50 for each additional year of service effective July 1, 1999 (increasing \$.50 each July 1, maximum to \$12.00). There are also percentage increases in the benefits if the participant is an officer of the Volunteer Fire Department for at least five years. The pension plan is closed to new entrants.

As of July 1, 2022, for the Municipal, Police, Administrative, and Firefighters, the plan membership of defined benefit plans consisted of the following:

	Municipal	Police	Administrative	Firefighters
Active Participants	50	54	3	21
Terminated Participants	4	4	1	36
Retirees and Beneficiaries	194	84	33	42
Total	248	142	37	99

B. Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The four Pension Trust Funds are accounted for using the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

Investments are reported at fair value. Investment income is recognized when earned and gains and losses on sales or exchanges of investments are recognized on the transaction date. Unrealized gains and losses due to appreciation and depreciation of plan assets are also recognized at fiscal year-end.

C. Funding Policy

The contribution requirements of plan members, with the exception of the Firefighters' Plan which is noncontributory, are established and may be amended by the Town Council, subject to union contract negotiation. If an employee leaves covered employment or participation or dies before meeting the vesting requirements, accumulated employee contributions and interest thereon are refunded. The Town is required to contribute the amount necessary to finance the benefits for its employees, net of employee contributions, as determined by its actuaries. In conjunction with the application of GASB 68, the Town Council adopted a plan for future contributions in May of 2016. Investment services and actuarial valuations are paid by the individual plans. Other costs of administering the plans are paid by the Town. The employees' required contribution rates and the Town's current rate of annual covered payroll is presented in the following table:

	<u>Municipal</u>	<u>Police</u>	<u>Administrative</u>
Employee Required Contribution	4.50%	8.50%	4.50%
Town Current Rate	57.29%	47.14%	284.08%

E. Investments

Investment Policy

The Municipal, Police, and Administrative pension plans' policy in regard to the allocation of invested assets is established and may be amended by the EIPBC by a majority vote of its members. The Firefighters pension plan allocation of invested assets is amended by the Director of Finance in conjunction with the Fire Commissioners. It is the policy of the Town to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the adopted asset allocation policy for the year ended June 30, 2023:

Asset Class	Municipal Employees Target Allocation	Police Target Allocation	Administrative Employees Target Allocation	Firefighters Target Allocation
U.S. Core Fixed Income	35.0 %	35.0 %	35.0 %	- %
U.S. Short Bonds	-	-	-	25.0
U.S. Long Bonds	-	-	-	25.0
Global Bonds	5.0	5.0	5.0	18.0
Total Fixed Income	40.0	40.0	40.0	68.0
U.S. Large Caps	34.0	34.0	34.0	14.0
U.S. Small Caps	10.5	10.5	10.5	4.0
Global Equity	15.5	15.5	15.5	
U.S. Mid Caps	-	-	-	4.0
Foreign Developed Equity	-	-	-	7.0
Emerging Markets	-	-	-	3.0
Total Equity	60.0	60.0	60.0	32.0
Total Allocation	100 %	100 %	100 %	100 %

The plans did not have any concentrations over 5% of plan net position that warranted disclosure.

Rate of Return

For the year ended June 30, 2023, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 11.10% for Municipal Employees, 11.32% for Police, 10.60% for Administrative Employees, and 12.30% for Firefighters, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTE 10 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Defined Benefit Plans (Continued)

F. Net Pension Liability of the Town

The components of the net pension liability of the Town at June 30, 2023, were as follows:

	Municipal Employees	Police	Administrative Employees	Firefighters
Total Pension Liability	\$ 56,027	\$ 91,568	\$ 13,022	\$ 1,290
Plan Fiduciary Net Position	28,360	60,115	5,095	612
Net Pension Liability	<u>\$ 27,667</u>	<u>\$ 31,453</u>	<u>\$ 7,927</u>	<u>\$ 678</u>

Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	50.62%	65.65%	39.13%	47.44%
-------------------------------------------------------------------------------	--------	--------	--------	--------

The Town's net pension liability was measured as of June 30, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022 for Municipal Employees, Police, Administrative Employees, and Firefighters.

Actuarial Assumptions

The total pension liability for Administrative Employees, Municipal Employees, and Police was determined by an actuarial valuation as of July 1, 2022, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary Increases	3.25%, Average, Including Inflation
Investment Rate of Return	6.125%, Net of Pension Plan Investment Expense, Including Inflation

Mortality rates were based on the PubS-2010 Mortality Table with generational projection per the MP-2021 Ultimate Scale.

The total pension liability for Firefighters was determined by an actuarial valuation as of July 1, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary Increases	N/A
Investment Rate of Return	5.5%, Net of Pension Plan Investment Expense, Including Inflation

Mortality rates were based on the PubS-2010 Mortality with generational projections per MP-2019 Ultimate Scale.

The plans have not had a formal actuarial experience study performed.

NOTE 10 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Defined Benefit Plans (Continued)

F. Net Pension Liability of the Town (Continued)

Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments was determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are per Milliman's investment consulting practice as of June 30, 2023. Best estimates of geometric real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2023 (see the discussion of the pension plan's investment policy) are summarized in the following table:

Asset Class	Municipal Employees Long-Term Expected Real Rate of Return	Police Long- Term Expected Real Rate of Return	Administrative Employees Long-Term Expected Real Rate of Return	Firefighters Long-Term Expected Real Rate of Return
Fixed:				
U.S. Core Fixed Income	1.84 %	1.84 %	1.84 %	- %
U.S. Short Bonds	-	-	-	1.06
U.S. Long Bonds	-	-	-	2.14
Global Bonds	(0.54)	(0.54)	(0.54)	(0.54)
Equity:				
U.S. Large Caps	4.08	4.08	4.08	4.08
U.S. Small	4.10	4.10	4.10	4.65
Global U.S. Equity	6.06	6.06	6.06	-
U.S. Mid Caps	-	-	-	3.96
Foreign Developed Equity	-	-	-	5.56
Emerging Markets	-	-	-	5.97

Discount Rate

The discount rate used to measure the total pension liability was 6.125% for Municipal Employees, Administrative Employees, and Police, in the prior year the discount rate was 6.25%. The discount rate used to measure the total pension liability as of June 30, 2023 was 5.5% for Firefighters. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

H. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Town, calculated using the discount rate of 6.125% for Municipal Employees, Police, and Administrative Employees, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease 5.125%	Current Discount Rate 6.125%	1% Increase 7.125%
Municipal Employees' Net Pension Liability	\$ 33,326	\$ 27,667	\$ 22,806
Police Net Pension Liability	44,180	31,453	21,092
Administrative Employees' Net Pension Liability	9,145	7,927	6,883

The following presents the net pension liability of the Firefighters' Plan, calculated using the discount rate of 5.5% as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease 4.50%	Current Discount Rate 5.50%	1% Increase 6.50%
Firefighters Net Pension Liability	\$ 796	\$ 678	\$ 576

I. Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2023, the Town recognized pension expense of \$3,988, \$5,968, \$604, and \$49 for Municipal, Police, Administrative, and Fire employees, respectively, for a total of \$10,609. At June 30, 2023, the Town reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources				
	Municipal Employees' Pension Plan	Police Retirement Plan	Administrative Employees' Pension Plan	Volunteer Firefighters' Pension Plan	Total
Differences Between Expected and Actual Experience	\$ 225	\$ 2,182	\$ -	\$ -	\$ 2,407

J. Payable to the Pension Plan

At June 30, 2023, the Town had no outstanding contributions to the pension plan required for the year ended June 30, 2023.

Police Retirement Plan Deferred Retirement Option Plan (DROP)

An agreement was signed on January 18 2023 to establish a drop plan for the Police Union. This Deferred Retirement Option Plan (DROP) will be eligible to employees/participants who are, and remain, in good standings as determined by the Chief of Police, have no current discipline/internal investigations and have a passing evaluation. An employee/participant, who is a participant of the Police Pension Plan for full-time employees of the Police Department, upon reaching any Normal Retirement date may elect the DROP retirement option at any time. The DROP Period is defined as the time after the participant has elected the DROP, commencing on the date the first amount is credited to the DROP recordkeeping account through the date that the employee/participant separates from Town Service. The DROP Period shall be one (1) to five (5) years in length. No DROP Period shall extend beyond thirty (30) years of credited service. The DROP Plan shall be open for new participants until the expiration of the current CBA, June 30, 2026, at which time the continuation of the DROP Plan will be subject to negotiations. As of June 30, 2023 there were (3) three officers in the Drop Plan will a total balance of \$114.

NOTE 10 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Volunteer Firefighters – Defined Contribution Plan (Amounts Not Rounded)

In addition to the defined benefit plan described above, the Town provides a defined contribution plan to certain volunteer firefighters, which is administered by the three fire commissioners, the Town Manager and the Director of Finance. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Most current active and all new and future members of volunteer firefighters can only participate in this plan. Members are 100% vested after 10 years of service. Contributions range from \$385 per year for members with less than 6 years of service to \$805 per year for members with more than 35 years of service. The firefighters are not required to contribute to the plan; however, they can elect to defer a stipend of \$1,000. Stipend contributions for 2022-2023 amounted to \$3,000. Plan provisions and contribution requirements are established and may be amended by the Town Council.

The Town's contribution for 2022-2023, computed in accordance with plan requirements, amounted to \$96,982. At June 30, 2023, there were 158 members of the plan.

Connecticut Teachers Retirement System – Pension

A. Plan Description

Teachers, principals, superintendents, or supervisors engaged in service of public schools are provided with pensions through the Connecticut State Teachers' Retirement System, a cost sharing multiple-employer defined benefit pension plan administered by the Teachers Retirement Board. Chapter 167a of the state statutes grants authority to establish and amend the benefit terms to the Teachers Retirement Board. The Teachers Retirement Board issues a publicly available financial report that can be obtained at www.ct.gov.

B. Benefit Provisions

The plan provides retirement, disability, and death benefits. Employees are eligible to retire at age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut.

Normal Retirement

Retirement benefits for employees are calculated as 2% of the average annual salary times the years of credited service (maximum benefit is 75% of average annual salary during the three years of highest salary).

Early Retirement

Employees are eligible after 25 years of credited service including 20 years of Connecticut service, or age 55 with 20 years of credited service including 15 years of Connecticut service with reduced benefit amounts.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 10 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

B. Benefit Provisions (Continued)

Disability Retirement

Employees are eligible for service-related disability benefits regardless of length of service. Five years of credited service is required for nonservice-related disability eligibility. Disability benefits are calculated as 2% of average annual salary times credited service to date of disability, but not less than 15% of average annual salary, nor more than 50% of average annual salary.

C. Contributions

Per Connecticut General Statutes Section 10-183z (which reflects Public Act 79-436 as amended), contribution requirements of active employees and the state of Connecticut are approved, amended and certified by the State Teachers Retirement Board and appropriated by the General Assembly.

Employer (School Districts)

School District employers are not required to make contributions to the plan.

The statutes require the state of Connecticut to contribute 100% of each school districts' required contributions, which are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of the benefits earned by employees during the year, with any additional amount to finance any unfunded accrued liability.

For the year ended June 30, 2023, the amount of "on-behalf" contributions made by the state was \$11,564 and is recognized in the General Fund as intergovernmental revenues and education expenditures.

Employees

Effective July 1, 1992, each teacher is required to contribute 6% of salary for the pension benefit. Effective January 1, 2018, the required contribution increased to 7% of pensionable salary.

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the Town reports no amounts for its proportionate share of the net pension liability, and related deferred outflows and inflows, due to the statutory requirement that the state pay 100% of the required contribution. The amount recognized by the Town as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the Town were as follows:

Town's Proportionate Share of the Net Pension Liability	\$ -
State's Proportionate share of the Net Pension Liability Associated with the Town	146,676
Total	<u><u>\$ 146,676</u></u>

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022. At June 30, 2023, the Town has no proportionate share of the net pension liability.

For the year ended June 30, 2023, the Town recognized pension expense and revenue of \$14,176 in Exhibit II.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 10 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

E. Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary Increases	3.00-6.50%, Including Inflation
Investment Rate of Return	6.90%, Net of Pension Plan Investment Expense, Including Inflation

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the five-year period ending June 30, 2019.

Assumption changes since the prior year are as follows:

- There were no changes in assumptions that affected the measurement of the TPL since the prior measurement date.

Benefit changes since the prior year are as follows:

- Legislation was passed restoring the 25% wear down of Plan N benefits to vested members as of June 30, 2019.

Cost-of-Living Allowance

For teachers who retired prior to September 1, 1992, pension benefit adjustments are made in accordance with increases in the Consumer Price Index, with a minimum of 3% and a maximum of 5% per annum.

For teachers who were members of the Teachers' Retirement System before July 1, 2007 and retire on or after September 1, 1992, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 6% per annum. If the return on assets in the previous year was less than 8.5%, the maximum increase is 1.5%.

For teachers who were members of the Teachers' Retirement System after July 1, 2007, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 5% per annum. If the return on assets in the previous year was less than 11.5%, the maximum increase is 3%, and if the return on the assets in the previous year was less than 8.5%, the maximum increase is 1.0%.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 10 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

E. Actuarial Assumptions (Continued)

Long-Term Rate of Return

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The current capital market assumptions and the target asset allocation as provided by the State of Connecticut Treasurer's Office are summarized in the following table:

<u>Asset Class</u>	<u>Expected Return</u>		<u>Target Allocation</u>	
Domestic Equity Fund	5.40	%	20.00	%
Developed Market Intl. Stock Fund	6.40		11.00	
Emerging Market Intl. Stock Fund	8.60		9.00	
Core Fixed Income Fund	0.80		13.00	
Private Credit	6.50		5.00	
Emerging Market Debt Fund	3.80		5.00	
High Yield Bond Fund	3.40		3.00	
Real Estate Fund	5.20		19.00	
Private Equity	9.40		10.00	
Alternative Investments	3.10		3.00	
Liquidity Fund	-0.40		2.00	
Total			<u>100.00</u>	%

F. Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that state contributions will be made at the actuarially determined contribution rates in the future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

TOWN OF NEWINGTON, CONNECTICUT

JUNE 30, 2023
(IN THOUSANDS)

NOTE 10 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

G. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The Town's proportionate share of the net pension liability is \$-0- and, therefore, the change in the discount rate would only impact the amount recorded by the state of Connecticut.

H. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial statements available at www.ct.gov.

I. Other Information

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the Town has no obligation to contribute to the plan.

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS

Other Postemployment Benefits Trust

A. Plan Description (Amounts Not Rounded)

The Town provides post-employment benefits for Police Department, Teachers, and certain other retirees. This benefit is provided per various bargaining agreements. The Town pays for 100% of retiree and spouse costs for Police and 75% of retiree costs for Town and Board of Education administrators. The Town is required to provide medical, dental and life insurance to certain retired police officers. The Town is also required to provide medical and dental insurance to certain other retirees until the retirees reach the age of 65 or unless covered elsewhere. The post-employment benefits plan is a single-employer defined benefit health care plan administered by the Town. The post-employment benefits plan is considered to be part of the Town's financial reporting entity and is included in the Town's financial report as the Other Post-Employment Benefits Trust Fund. The Town does not issue a separate stand-alone financial statement for this program.

Management of the post-employment benefits plan is vested with the Town Manager and Director of Finance. Policy oversight is provided by the Employee Insurance and Pension Benefits Committee, which consists of eleven members: five who specialize in the employee benefits field, two from the Town Council, two from the Board of Education, and two alternate members.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Other Postemployment Benefits Trust (Continued)

A. Plan Description (Amounts Not Rounded)

At July 1, 2021, plan membership consisted of the following:

Active Employees	660
Retired Employees	100
Total	<u>760</u>

B. Funding Policy and Benefits Provided

The Town has established a trust fund to irrevocably segregate assets to fund the liability associated with post-employment benefits. The fund is reported as a trust fund in accordance with GASB guidelines. The annual actuarially determined contribution payment is transferred into this account annually from the General Fund and budgeted as part of the budgeting process, which is approved by the Town Council.

The Town's funding strategy for post-employment obligations are based upon characteristics of benefits on three distinct groups of employees established within their respective collective bargaining units and/or contracts and include the following:

- AFSCME Board of Education and Town employees are eligible for retiree health care coverage until age 65 upon attainment of normal or early retirement. Normal retirement is the earlier of age 63 or completion of 25 years of service. Early retirement is age 55, and 5 years of continuous service or 15 years of aggregate service. Coverage is pre-65 only. Post-65 non-Medicare eligible retirees can continue coverage at their own expense.
- Police officers are eligible for retiree health care coverage until age 65 upon attainment of normal or early retirement. Normal retirement is the earlier of age 50 or completion of 20 years of service. Early retirement is age 45 and 10 years of continuous service. For officers hired on or after January 1, 2007, normal retirement is the completion of 25 years of service regardless of age and an officer retiring prior to normal retirement shall not be eligible for retiree health care benefits.
- Per state statute, any Teacher and School Certified Administrator hired prior to March 1986 that does not qualify for Medicare is eligible for retiree health coverage for life, at the earlier of age 55 with 20 years of service or 25 years of service. Those qualifying for Medicare are allowed to remain on the health insurance plan until age 65.
- Surviving spouses of retired teachers and nonteachers at the school are allowed to remain on the plan.
- Surviving spouses of retirees and actives eligible to retire are allowed to remain on the plan.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS

(IN THOUSANDS)

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Other Postemployment Benefits Trust (Continued)

C. Investments

Investment Policy

OPEB Benefits Plan's policy in regard to the allocation of invested assets is established and may be amended by the Employee Insurance and Pension Benefits Committee by a majority vote of its members. It is the policy of the Employee Insurance and Pension Benefits Committee to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. Employee Insurance and Pension Benefits Committee's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

Rate of Return

For the year ended June 30, 2023, the annual money-weighted rate of return on investments, net of investment expense, was 10.15%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

D. Net OPEB Liability of the Town

The Town's net OPEB liability was measured as of June 30, 2023. The components of the net OPEB liability of the Town at June 30, 2023, were as follows:

Total OPEB Liability	\$ 23,484
Plan Fiduciary Net Position	11,291
Net OPEB Liability	<u>\$ 12,193</u>

Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	48.08%
----------------------------------------------------------------------------	--------

Actuarial Assumptions

The total OPEB liability at June 30, 2023 was determined by an actuarial valuation as of July 1, 2021, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.60%
Salary Increases	Graded by Age for Teachers and Administrators; 3.25% for all Others
Investment Rate of Return	6.25%
Health Care Cost Trend Rate	6.10%-4.10% Over 54 Years Prior to Age 65; 6.20%-4.20% Over 55 Years After Age 65

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Other Postemployment Benefits Trust (Continued)

D. Net OPEB Liability of the Town (Continued)

Actuarial Assumptions (Continued)

Mortality rates for healthy teachers were based on the PubT-2010 Mortality Table for Employees and Healthy Annuitants, with generational projection of future improvements per the MP-2019. For all other employees the mortality rate was Pub-2010 Mortality table for Employees and Healthy Annuitants with generational projection of future improvements in longevity per the MP Ultimate Scale.

The plan has not had a formal actuarial experience study performed.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset as of June 30, 2023 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected
U.S. Core Fixed Income	32.0 %	1.84 %
Global Bonds	8.0	(0.54)
U.S. Large Cap	34.0	4.08
U.S. Small and Mid Cap	10.5	4.10
Non-U.S. Equity	15.5	5.84
Total	100.0 %	

E. Discount Rate

The discount rate used to measure the total OPEB liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that Town contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Other Postemployment Benefit – Connecticut State Teachers Retirement Plan

A. Plan Description

Teachers, principals, superintendents, or supervisors engaged in service of public schools plus professional employees at state schools of higher education are eligible to participate in the Connecticut State Teachers' Retirement System Retiree Health Insurance Plan (TRS-RHIP), a cost sharing multiple-employer defined benefit other postemployment benefit plan administered by the Teachers' Retirement Board (TRB), if they choose to be covered.

Chapter 167a of the state statutes grants authority to establish and amend the benefit terms to the TRB. TRS-RHIP issues a publicly available financial report that can be obtained at www.ct.gov/trb.

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Other Postemployment Benefit – Connecticut State Teachers Retirement Plan
(Continued)

B. Benefit Provisions (Amounts Not Rounded)

There are two types of the health care benefits offered through the system. Subsidized Local School District Coverage provides a subsidy paid to members still receiving coverage through their former employer and the CTRB Sponsored Medicare Supplement Plans provide coverage for those participating in Medicare but not receiving Subsidized Local School District Coverage.

Any member who is not currently participating in Medicare Parts A & B is eligible to continue health care coverage with their former employer. A subsidy of up to \$220 per month for a retired member plus an additional \$220 per month for a spouse enrolled in a local school district plan is provided to the school district to first offset the retiree's share of the cost of coverage, and any remaining portion is used to offset the district's cost. The subsidy amount is set by statute. A subsidy amount of \$440 per month may be paid for a retired member, spouse or the surviving spouse of a member who has attained the normal retirement age to participate in Medicare, is not eligible for Part A of Medicare without cost and contributes at least \$440 per month towards coverage under a local school district plan.

Any member who is currently participating in Medicare Parts A & B is eligible to either continue health care coverage with their former employer, if offered, or enroll in the plan sponsored by the System. If they elect to remain in the plan with their former employer, the same subsidies as above will be paid to offset the cost of coverage.

If a member participating in Medicare Parts A & B so elects, they may enroll in one of the CTRB Sponsored Medicare Supplement Plans. Effective July 1, 2018, the System added a Medicare Advantage Plan option. Active members, retirees and the State pay equally toward the cost of the basic coverage (medical and prescription drug benefits) under the Medicare Advantage Plan. Retired members who choose to enroll in the Medicare Supplement Plan are responsible for the full difference in the premium cost between the two plans. Additionally, effective July 1, 2018, retired members who cancel their health care coverage or elect to not enroll in a CTRB sponsored health care coverage option must wait two years to re-enroll.

Survivor Health Care Coverage

Survivors of former employees or retirees remain eligible to participate in the plan and continue to be eligible to receive either the \$220 monthly subsidy or participate in the TRB-Sponsored Medicare Supplement Plans, as long as they do not remarry.

C. Eligibility

Any member who is currently receiving a retirement or disability benefit is eligible to participate in the plan.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Other Postemployment Benefit – Connecticut State Teachers Retirement Plan (Continued)

C. Eligibility (Continued)

Credited Service

One month for each month of service as a teacher in Connecticut public schools, maximum 10 months for each school year. Ten months of credited service constitutes one year of Credited Service. Certain other types of teaching services, state employment, or wartime military service may be purchased prior to retirement if the member pays one-half the cost.

Normal Retirement

Age 60 with 20 years of Credited Service in Connecticut, or 35 years of Credited Service including at least 25 years of service in Connecticut.

Early Retirement

Age 55 with 20 years of Credited Service including 15 years of Connecticut service, or 25 years of Credited Service including 20 years of Connecticut service.

Proratable Retirement

Age 60 with 10 years of Credited Service.

Disability Retirement

No service requirement if incurred in the performance of duty, and 5 years of Credited Service in Connecticut if not incurred in the performance of duty.

Termination of Employment

Ten or more years of Credited Service.

D. Contributions (Amounts Not Rounded)

State of Connecticut

Per Connecticut General Statutes Section 10-183z, contribution requirements of active employees and the state of Connecticut are approved, amended and certified by the State Teachers' Retirement Board and appropriated by the General Assembly. The state contributions are not currently actuarially funded. The state appropriates from the General Fund one third of the annual costs of the Plan. Administrative costs of the Plan are financed by the state. Based upon Chapter 167a, Subsection D of Section 10-183t of the Connecticut statutes, it is assumed the state will pay for any long-term shortfall arising from insufficient active member contributions.

Employer (School Districts)

School District employers are not required to make contributions to the plan.

(IN THOUSANDS)

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Other Postemployment Benefit – Connecticut State Teachers Retirement Plan
(Continued)

D. Contributions (Amounts Not Rounded) (Continued)

Employer (School Districts) (Continued)

For the year ended June 30, 2023, the amount of “on-behalf” contributions made by the state was \$163,566 and is recognized in the General Fund as intergovernmental revenues and education expenditures.

Employees/Retirees

The cost of providing plan benefits is financed on a pay-as-you-go basis as follows: active teachers’ pay for one-third of the Plan costs through a contribution of 1.25% of their pensionable salaries, and retired teachers pay for one-third of the Plan costs through monthly premiums, which helps reduce the cost of health insurance for eligible retired members and dependents.

E. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2023, the Town reports no amounts for its proportionate share of the net OPEB liability, and related deferred outflows and inflows, due to the statutory requirement that the state pay 100% of the required contribution. The amount recognized by the Town as its proportionate share of the net OPEB liability, the related state support and the total portion of the net OPEB liability that was associated with the Town was as follows:

Town's Proportionate Share of the Net OPEB Liability	\$	-
State's Proportionate share of the Net OPEB Liability Associated with the Town		12,845
Total	\$	<u>12,845</u>

The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as June 30, 2022. At June 30, 2023, the Town has no proportionate share of the net OPEB liability.

For the year ended June 30, 2023, the Town recognized OPEB expense and revenue of \$774 in Exhibit II.

TOWN OF NEWINGTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023
(IN THOUSANDS)

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Other Postemployment Benefit – Connecticut State Teachers Retirement Plan
(Continued)

F. Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2019, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Health Care Cost Trend Rate	Known increases until calendar year 2024 then general trend decreasing to an ultimate rate of 4.50% by 2031
Salary Increases	3.00-6.50%, Including Inflation
Investment Rate of Return	3.53%, Net of OPEB Plan Investment Expense, Including Inflation
Year Fund Net Position will Be Depleted	2027

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

The actuarial assumptions used in the June 30, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2014 - June 30, 2019.

The changes in the assumptions since the prior year are as follows:

- Discount rate changed from 2.17% to 3.53%;
- Expected annual per capita claims costs were updated to better reflect anticipated medical and prescription drug claim experience;
- The assumed age-related annual percentage increases in expected annual per capita health care claim costs were updated;
- Long-term health care cost trend rates were updated; and
- The percentages of participating retirees who are expected to enroll in the Medicare Supplement Plan and the Medicare Advantage Plan options were updated to better reflect anticipated plan experience.

The changes in the benefit terms since the prior year are as follows:

- There was a change in the maximum monthly subsidy amounts offered to retirees and their dependents from \$110/\$220 to \$220/\$440.

JUNE 30, 2023
(IN THOUSANDS)

NOTE 11 OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Other Postemployment Benefit – Connecticut State Teachers Retirement Plan
(Continued)

F. Actuarial Assumptions (Continued)

The long-term expected rate of return on plan assets is reviewed as part of the GASB 75 valuation process. Several factors are considered in evaluating the long-term rate of return assumption, including the plan's current asset allocations and a log-normal distribution analysis using the best-estimate ranges of expected future real rates of return (expected return, net investment expense and inflation) for each major asset class. The long-term expected rate of return was determined by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. The plan is 100% invested in U.S. Treasuries (Cash Equivalents) for which the expected 10-Year Geometric Real Rate of Return is (0.98%).

G. Discount Rate

The discount rate used to measure the total OPEB liability was 3.53%. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 75. The projection was based on an actuarial valuation performed as of June 30, 2022.

In addition to the actuarial methods and assumptions of the June 30, 2022, actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present on the valuation date. In subsequent projection years, total payroll was assumed to increase annually at a rate of 3.00%
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Annual State contributions were assumed to be equal to the most recent five-year average of state contributions toward the fund.

Based on those assumptions, the Plan's fiduciary net position was projected to be depleted in 2027 and, as a result, the Municipal Bond Index Rate was used in the determination of the single equivalent rate.

H. Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate and the Discount Rate

The Town's proportionate share of the net OPEB liability is \$-0- and, therefore, the change in the health care cost trend rate or the discount rate would only impact the amount recorded by the State of Connecticut.

I. OPEB Plan Fiduciary Net Position

Detailed information about the Connecticut State Teachers OPEB Plan fiduciary net position is available in the separately issued State of Connecticut Annual Comprehensive Financial Report at www.ct.gov.

J. Other Information

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the Town has no obligation to contribute to the plan.

NOTE 12 CONTINGENT LIABILITIES

During the year ended June 30, 2023 the Town entered into a note payable agreement for equipment, with the first payment due December 1, 2023. As of June 30, 2023 the Town has not received the equipment under the agreement and the Town will record the asset and related liability in a future period when the equipment is received. The agreement calls for payments of \$637,327 a year of principal and interest through December 1, 2029.

The Town is subject to various legal actions arising in the normal course of business. While the ultimate outcome of the aforementioned contingencies is not determinable at this time, the Town believes that any liability or loss resulting therefrom will not materially affect the financial statements.

Notes to Schedule

Valuation Date: July 1, 2022

Measurement Date: June 30, 2023

Actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine

Contribution Rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	13 years
Asset Valuation Method	5-Year Nonasymptotic
Inflation	2.75%
Salary Increases	3.25%, Average, Including Inflation
Investment Rate of Return	6.125%, Net of Pension Plan Investment Expense, Including Inflation (Prior 6.25%)

Retirement Age: Age-Based Table

Mortality: PUB-2010 Mortality Table with generational projection per the MP-2021 Ultimate Scale, prior PUB-2010 Mortality Table with generational projection per the MP-2019 Ultimate Scale

Changes in Benefit Terms

There was a change in the maximum monthly subsidy amounts offered to retirees and their dependents from \$110/\$220 to \$220/\$440.

Changes of Assumptions

Based on the procedure described in GASB 74, the discount rate used to measure plan obligations for financial accounting purposes as of June 30, 2022 was updated to equal the SEIR of 3.53% as of June 30, 2022;

Expected annual per capita claims costs were updated to better reflect anticipated medical and prescription drug claim experience;

The assumed age-related annual percentage increases in expected annual per capita health care claims costs were updated;

Long-term health care cost trend rates were updated; and

The percentages of participating retirees who are expected to enroll in the Medicare Supplement Plan and the Medicare Advantage Plan options were updated to better reflect anticipated plan experience.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of special revenues sources (except major capital projects) that are legally restricted to expenditure for specific purposes. The Special Revenue Funds are as follows:

Fund	Funding Source	Function
Cafeteria	Sale of food, state and federal grants	Food service operations
Road Aid Maintenance	State funds	Improvement of the Town's roads
State and Federal Grants	Federal or state grants	Education programs
Cemetery	Charges for services	Maintaining the Town's cemeteries
Dog Licenses	License fees	Canine control program
LOCIP Reserve	State funds	Infrastructure improvements
Recreation Programs	User fees	Recreation
Employee Leave Liability	Local	Pay employees for accumulated sick leave upon termination
Balf	The Balf Company	The use of these funds is to be determined in the future by the Town's governing body
Volunteer Ambulance	Local	Money purchase plan established
Volunteer Firefighters'	Local	Provides a one-time payment based on length of service to volunteer firefighters who are vested but no longer active
Student Activities and Scholarship Trust	Fees and donations	Various student activities, clubs and scholarship endowments/gifts
DECD	State funds	Improvements for community development
Small Cities	Federal grants	Community development and housing loan program
Student Technology Insurance Fund	User fees	Repair and replacement of student Chromebooks
Youth Activities	Fees and donations	Various programs benefiting Town's youth

PERMANENT FUNDS

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Cemetery Trust Fund – consists of individual endowments, the interest of which is used to offset maintenance costs of individual graves.

Library Book Fund – records interest earned on endowment (Hubbard), which is used to purchase library books.

Tri-Centennial Fund – records contributions from local banks to be held in trust until the country's tri-centennial.

INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

Internal Service funds are used for the financing of goods or services provided by one department or agency to other departments or agencies of the Town, or to other governments, on a cost reimbursement basis. The Town has two such funds.

Health Benefits Fund – This fund is used to account for funds received from various Town funds and departments for health benefits. The fund pays for costs associated with providing medical benefits to current and past employees.

Insurance Reserve Fund – This fund was established by ordinance to meet any substantial premium adjustments due to retrospective ratings.

STATISTICAL SECTION

STATISTICAL SECTION INFORMATION

The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to understand and assess economic condition.

Statistical section information is presented in the following categories:

- *Financial trends information* is intended to assist users in understanding and assessing how financial position has changed over time.
- *Revenue capacity information* is intended to assist users in understanding and assessing the factors affecting the ability to generate own-source revenues (property taxes, charges for services, etc.).
- *Debt capacity information* is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.
- *Demographic and economic information* is intended 1) to assist users in understanding the socioeconomic environment, and 2) to provide information that facilitates comparisons of financial statement information over time and among governments.
- *Operating information* is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the Table of Contents for applicable page number locations.

Sources: Unless otherwise noted, the information in the tables is derived from the annual comprehensive financial reports for the relevant year.
