

## **APPLICATION FOR SWIMMING POOL PERMIT (GREEN)**

1. This form is used for inground and above ground pools. A Zoning Application is also needed along with the information drawn to scale on a copy of Plot Plan. Two sets of specifications on the pool need to be submitted along with the application (on above ground pools a pamphlet or color brochure is acceptable).
2. There is a Pool Packet to give out for all information on pools for applicant.
3. In addition to the Application for Swimming Pool Permit, an Electrical Permit Application is needed. The electrical work completed on the pool needs to be completed by a licensed electrician.
4. If the Pool and Electrical Applications are submitted together, add the electrical cost to the pool cost and charge only one charge and \$0.00 for the electrical. (Saves money for the applicant)
5. Inground pools require an Erosion and Sedimentation Bond form and \$500 check, to be held until the work is completed.
