Gary Fuerstenberg, P.E.
Town of Newington-Public Works
200 Garfield Street
Newington, CT 06111

Dear Mr. Fuerstenberg:

Subject: Tentative Vendor-in-Place Paving Program
2022 Construction Season
State of Connecticut-District 1

This letter is to advise you of the Department of Transportation (Department) tentative Vendor-In-Place Paving Program scheduled for the 2022 construction season.

The routes on the enclosed list indicate the tentative sections of state highways selected for resurfacing in your community. In some cases, a situation may develop causing adjustments to the selected projects.

Incidental rehabilitative activities are included in projects of this nature. This may include roadway drainage revisions, selected termini roadway reclamation, replacement of obsolete protective fences with metal guiderails, sign replacement, minor geometric revisions, and any other items that promote safe traveling conditions.

We respectfully request that you provide copies of this notification letter to the various departments within your administration that may be affected by this work; particularly Public Works, Engineering, Sewer, Police (Traffic Coordination) and others as may be applicable.

The Department also request information on any activities such as fairs, festivals, parades, etc., which may be planned within your municipality and would be adversely impacted by our work. Notification of such events will enable us to adjust our schedules to avoid conflicts.

If you have any further questions or concerns, please contact Mr. Steven Jamele, Transportation Maintenance Planner, at (860) 258-4520 or in writing to the Department of Transportation, 1107 Cromwell Avenue, Rocky Hill, Connecticut 06067, steven.jamele@ct.gov

Very truly yours,

Daniel A. DiRemzo
Trans. District Maintenance Special
Services Section Manager
Bureau of Highway Operations
