Municipal Services

Animal problems: Nuisance animals should be reported to the animal control officer at 860-666-8445. The Highway Department will remove dead animals from Town roads. Call 860-667-5810 to report. Highway Department hours are 7:00 a.m. to 3:30 p.m., M-Fr.

Building permits: Available in the Building Department at Town Hall, 200 Garfield Street, 860-665-8580. Can also apply for a permit online at www.newingtononct.gov. Connect to the Building Department page.

Cemeteries: Center Cemetery, 1075 Main Street and West Meadow Cemetery, 679 Willard Avenue. Contact the Parks and Grounds Department at 860-667-5830 between the hours of 7:30 a.m. and 3 p.m., Monday through Friday. Both cemeteries are owned and operated by the Town.

Grass clippings: Clippings can be left on the lawn, put into a backyard compost pile, or taken to the landfill. Do not put leaves or grass clippings in the curbside container. The Town may be fined \$200 per occurrence.

Gun permits: May be obtained from the Police Department, Records Office, 200 Garfield Street, 860-665-7331.

Leaves: The Town will continue to collect leaves at the curbside each fall. Residents may also take leaves to the Town's Landfill/Recycling Center but must remove leaves from plastic bags, boxes, etc. prior to disposal.

Licenses: The following are available in the Town Clerk's office at Town Hall, 200 Garfield Street, 8:30 a.m. to 4:30 p.m. – marriage licenses, civil union licenses, birth and death certificates, dog licenses, and fishing and hunting licenses. Call 860-665-8545.

Sidewalk clearing: Town residents are required to remove ice/snow from sidewalks which abut their property. If snow/ice is not removed within 12 hours after the storm, the Town will clear the area and the costs will be billed to the property owner. Unpaid charges can result in a lien being placed on the property. Sand is available to Town residents at the Highway Garage on Milk Lane.

Snow plowing: The Town Highway Department is responsible for the plowing of Town streets. Parking bans are announced on Town website and in the media.

Snow and ice policy: Plowing begins when snow accumulations are more than ½ inch or forecasts indicate that it will be more than ½ inch. A maximum of fourteen Highway plow trucks may be dispatched to plow assigned routes. Once snowfall has stopped, plowing and treated salt applications will continue until all streets have been cleared. It is the Town's policy to plow the full width of the street, curb to curb, when possible, during significant snowfall. This ensures that storm water basins are obstruction free, allowing storm water and snow melt to drain, thus preventing flooding and icing conditions.

Snow – Driveways: Plow blades cannot be lifted as they pass a driveway, as a mound of snow would be left in the roadway. Snow will be plowed into driveways during curb to curb plowing. Residents may wish to clear driveways several times during a storm or wait until plowing operations have been completed. Shoveling, plowing, or blowing snow into the road is unacceptable. Clearing driveway openings is the responsibility of the property owner.

Municipal Services, Continued

Snow – Sidewalks: Property owners or occupants are responsible for keeping sidewalks in front of their property clean of snow and ice. Sidewalks free of snow and ice will ensure safe public walkways for school children and pedestrians and prevent anyone from having to walk in the street. Town ordinance 15-24(b) states: Such owner shall remove any accumulation of ice and snow within twelve hours after such snow and/or ice has ceased to accumulate.

Snow – Mailbox Damage: The Town will repair or replace mailbox/posts only where there is evidence of the plow or truck striking the mailbox/post. All mailboxes and posts replaced will be the standard replacement variety. The Town will not accept responsibility for mailboxes/posts which have fallen or are damaged due to the weight or force of the snow thrown by the plow. All mailboxes should be securely fastened to a sturdy post, properly anchored in the ground to resist the impact of plowed snow. In accordance with the current postal guidelines, the mailbox should be at least nine inches from the curb or edge of pavement in order to prevent contact by the snowplow itself. The height of the bottom of the mailbox should be between 42 inches and 48 inches from the road surface.

Snow – Winter Parking Bans: A permanent ban is in effect from November 1st through March 30th. Parking is not allowed on streets for more than 30 minutes between 2 a.m. and 6 a.m. A temporary ban is in effect when a determination is made not to allow parking on either side of Town streets at anytime in order to facilitate snow plowing operations. When this occurs, the media will be notified. If you are unsure whether a temporary ban is in effect, please call the Police Department at 860-666-8445.

Snow – Illegally Parked Vehicles and Basketball Hoop Systems: Vehicles that violate the winter parking ban or otherwise hinder snow removal will be ticketed and towed at the owner's expense. Permanent or portable basketball hoop systems within the Town's right-of-way are illegal and will be removed.

Snow – Fire Hydrant Clearing: The Newington Fire Department stands ready to serve you during any emergency regardless of weather conditions. You can help by clearing snow from the fire hydrant nearest your home or business and by making sure that the hydrant is visible and accessible. The Fire Department emphasizes the importance to both you and your neighbors of keeping the hydrants open, and they extend their thanks for your assistance.

Snow – Sand: Sand is available to residents in small amounts at the Highway Department at 281 Milk Lane (off Fenn Road) and in barrels located throughout the Town.

Snow – Assistance: Removing snow is physically demanding. The Human Services Department may be able to assist residents. Contact them at 860-665-8590.

History

Newington was part of the Town of Wethersfield until 1871. Early names for the area were "Pipestave Swamp," then "Cow Plain," and later, "West Farms." These reflected its use first as a source of staves for making "pipes" (large sized barrels) used in colonial trade, then a pasture for cattle, and eventually, the new farms taken up by descendants of early Wethersfield settlers who had been given grants on the western frontier of their riverside town. By 1721 there were enough new farmers on these grants to request that the General Assembly of the Colony of Connecticut give them the name "Newington." This name means new town in the meadow.

Because most inhabitants were related to Wethersfield families, Newington accepted governance by Wethersfield Town Meeting until 1871. But the railroad had come through Newington in the 1830's and frequent, inexpensive transportation attracted growth. Some years later, Wethersfield Town Meeting refused to approve expenses for highway improvements for better access to the railroad. Newington was ready to take governance into its own hands. It applied to the General Assembly of the State of Connecticut for incorporation, which was approved in 1871.

The trolley car and the automobile brought more growth early in the 20th century. Newington's geographical location in the center of the state, plus great improvement in highways, attracted many new residents and businesses. The trolley was replaced by regular bus service along the same route. Commuting to Hartford and New Britain was convenient. By 1966 population increase had outgrown governance by the town meeting and the Council-Manager form of governance was adopted.
