### **Install Libby on the device**

1. Open the app store of the device
2. Search for **Libby**
3. Tap the result for **Libby**
4. Tap the **Get or Install** button next to the search result for Libby. If you see the **Open** button, the device already has Libby installed

### **Setting up Libby**

1. Open Libby by tapping its icon on the device home screen.  
Depending on how the device is set up, you may have to swipe through a few screens to find its icon
2. On the first screen, tap the Yes button to having a library card
3. On the next screen, tap **Search For A Library**
4. Tap inside the search field and type **06111**. When the search results appear, tap **Lucy Robbins Welles Library**
5. Enter in your library card number when it asks for it

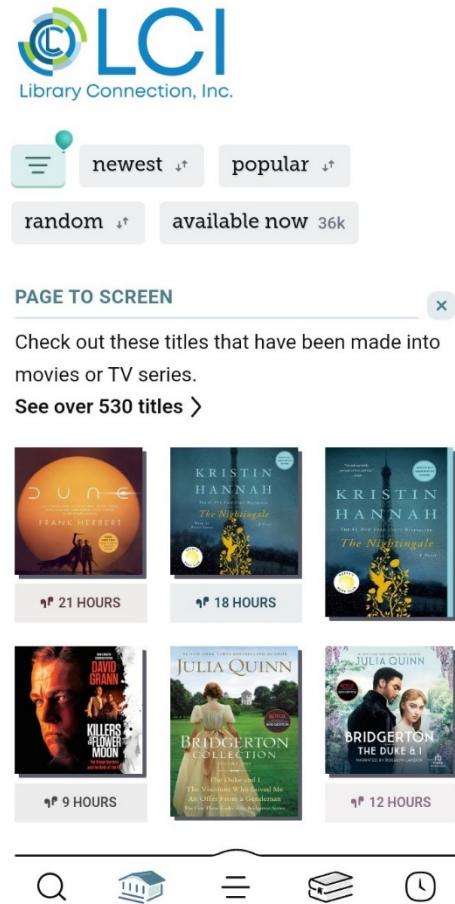

6. Once you have added your library card, tap **Next**
7. You will then be taken to the library's Libby homepage

## Searching for e-books and audiobooks

1. Tap the **Search...** text field at the top of the screen, or the **magnifying glass icon** at the bottom left of the screen
2. Type in an author, title, or keyword
3. Once you have entered all the information, click the **Search** button on your keyboard, OR click on any search result that appears below the search box

## Browsing for e-books and audiobooks

1. There are now five options at the bottom of the screen.
  - a. Click the **magnifying glass icon**  to search
  - b. Click the **home icon**  to browse the collection on Libby's home page
  - c. Click the **middle icon**  to manage your account details
  - d. Click the **books icon**  to view your checkouts, holds, and recently returned titles
  - e. Click the **clock icon**  to view your previously checked out titles
2. On the home  screen, you can browse the collection
  - At the very top of the page are filters. To read or listen to a book without waiting, tap on **available now** to view materials that can be instantly downloaded
  - Click  to further choose the *subject, format (e-book, audiobook, magazine, etc.), availability, sort by, audience, language, and read with options*

Wherever you see this button, tap it to discover useful filters that refine or sort your results.

You can filter lists of titles, tag lists, subject lists, your timeline, and more.

- Keep an eye out for this 9 HOURS below a title, which indicates that a title is in audio format

## Checking out and downloading

1. Once you find an e-book or audiobook you want to download, click the **Borrow** option below the book cover
2. Tap **Go to Shelf**
3. Your checked-out items will be displayed on the shelf. **Downloaded** indicates the book has been saved to your device and will not require an active internet connection to access

## Placing holds

1. If all copies of a particular e-book or audiobook are checked out, you may place a hold. When you find such a title, tap **Place Hold**
2. On the next screen, you will be notified of your approximate wait time and to confirm the hold. Tap the **Place Hold** button at the bottom

## Reading e-books and audiobooks

1. Click  at the bottom of the screen to show your borrowed items
2. Tap **Open Book, Read With . . .** or **Open in Libby** next to the desired item

## Renewing and returning

1. Unless you choose to renew your item, it will automatically return itself after the loan duration.
2. If you would like to request a renewal before the date it is due, start by clicking  at the bottom of the screen to show your borrowed items
  - Click **Manage Loan**
  - Click **Renew Loan**. You will not be able to renew any sooner than three days prior to the loan due date. If someone is already in line for that copy, you can put yourself back in the hold queue instead
3. If you want to return the item before its due date, click on **Manage Loan**, and choose **Return Early**
