

CTDOT Pedestrian Signing and Pavement Marking Project on Locally-Owned and Maintained Roads

CTDOT has initiated construction projects that will enhance signing and pavement markings at **uncontrolled** locations (no stop sign, yield sign, or traffic signal) on locally-owned and maintained roads. If your town/city desires to participate in this initiative, which is at no cost to the community, please indicate the name of the road and location where there are existing marked crosswalks. Please use additional sheets, if needed. If this form is NOT returned by **June 30, 2017**, the Department will assume that the town/city does NOT want to participate in this initiative.

YES, my town/city wants to participate in the pedestrian signing and pavement marking projects. Please provide information below.

NO, my town/city does not want to participate in the pedestrian signing and pavement marking projects.
